ELDORADO RESORTS, INC.
CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

Note 1. Organization and Basis of Presentation

Organization

The accompanying unaudited consolidated financial statements include the accounts of Eldorado Resorts, Inc. (“ERI” or the “Company”), a Nevada corporation formed in September 2013, and its consolidated subsidiaries. The Company acquired Mountaineer, Presque Isle Downs and Scioto Downs in September 2014 pursuant to a merger with MTR Gaming Group, Inc. (“MTR Gaming”) and in November 2015 it acquired Circus Reno and the interests in the Silver Legacy that it did not own prior to such date.

On May 1, 2017, the Company completed its acquisition of Isle of Capri Casinos, Inc. pursuant to the Agreement and Plan of Merger dated as of September 19, 2016 with Isle of Capri Casinos, Inc. (“Isle” or “Isle of Capri”). As a result of the Isle Merger, Isle became a wholly-owned subsidiary of ERI.

On August 7, 2018, the Company completed its acquisition of the outstanding partnership interests of Elgin Riverboat Resort – Riverboat Casino d/b/a Grand Victoria Casino, an Illinois partnership (“Elgin”), the owner of Grand Victoria Casino, located in Elgin, Illinois (the “Elgin Acquisition”). On October 1, 2018, the Company completed its acquisition of Tropicana Entertainment, Inc. (“Tropicana”), and added seven properties to its portfolio (the “Tropicana Acquisition”).

On January 11, 2019 and March 8, 2019, respectively, the Company closed on its sales of Presque Isle Downs & Casino (“Presque Isle Downs”) and Lady Luck Casino Nemacolin (“Nemacolin”), which are both located in Pennsylvania.

As of June 30, 2019, we owned and operated the following properties:

- Eldorado Resort Casino Reno (“Eldorado Reno”)—A 814-room hotel, casino and entertainment facility connected via an enclosed skywalk to Silver Legacy and Circus Reno located in downtown Reno, Nevada that includes 1,008 slot machines, 36 table games and a race and sportsbook;
- Silver Legacy Resort Casino (“Silver Legacy”)—A 1,685-room themed hotel and casino connected via an enclosed skywalk to Eldorado Reno and Circus Reno that includes 984 slot machines, 48 table games, a 13-table poker room and a race and sportsbook;
- Circus Circus Reno (“Circus Reno”)—A 1,571-room hotel-casino and entertainment complex connected via an enclosed skywalk to Eldorado Reno and Silver Legacy that includes 567 slot machines and a race and sportsbook;
- Eldorado Resort Casino Shreveport (“Eldorado Shreveport”)—A 403-room, all suite art deco-style hotel and tri-level riverboat dockside casino situated on the Red River in Shreveport, Louisiana that includes 1,406 slot machines, 46 table games and an eight-table poker room;
- Mountaineer Casino, Racetrack & Resort (“Mountaineer”)—A 357-room hotel, casino, entertainment and live thoroughbred horse racing facility located on the Ohio River at the northern tip of West Virginia’s northwestern panhandle that includes 1,362 slot machines, 32 table games, a 10-table poker room and a race and sportsbook;
- Eldorado Gaming Scioto Downs (“Scioto Downs”)—A modern “racino” on an approximately 208-acre site offering 2,194 video lottery terminals (“VLTs”), harness racing and a 118-room third party hotel connected to Scioto Downs located 15 minutes from downtown Columbus, Ohio.
- Isle Casino Hotel—Black Hawk (“Isle Black Hawk”)—A land-based casino on an approximately 10-acre site in Black Hawk, Colorado that includes 928 slot machines, 20 table games, a 10-table poker room and a 240-room hotel;
- Lady Luck Casino—Black Hawk (“Lady Luck Black Hawk”)—A land-based casino across the intersection from Isle Casino Hotel in Black Hawk Colorado, that includes 430 slot machines, seven table games and a 164-room hotel with a parking structure connecting Isle Black Hawk and Lady Luck Black Hawk;
- Isle Casino Racing Pompano Park (“Pompano”)—A casino and harness racing track on an approximately 223-acre owned site in Pompano Beach, Florida that includes 1,454 slot machines and a 41-table poker room;

- Isle Casino Bettendorf (“Bettendorf”)—A land-based single-level casino located off Interstate 74 in Bettendorf, Iowa that includes 972 slot machines and 14 table games with 509 hotel rooms;
- Isle Casino Waterloo (“Waterloo”)—A single-level land-based casino in Waterloo, Iowa that includes 917 slot machines, 23 table games, and a 194-room hotel;
- Isle of Capri Casino Hotel Lake Charles (“Lake Charles”)—A gaming vessel on an approximately 19-acre site in Lake Charles, Louisiana, with 1,160 slot machines, 34 table games, 11 poker tables, and two hotels offering 493 rooms;
- Isle of Capri Casino Lula (“Lula”)—Two dockside casinos in Lula, Mississippi with 869 slot machines and 17 table games, two on-site hotels with a total of 486 rooms and a 28-space RV Park;
- Lady Luck Casino Vicksburg (“Vicksburg”)—A dockside casino in Vicksburg, Mississippi that includes 599 slot machines and a hotel with a total of 89 rooms;
- Isle of Capri Casino Boonville (“Boonville”)—A single-level dockside casino in Boonville, Missouri that includes 872 slot machines, 20 table games and a 140-room hotel;
- Isle Casino Cape Girardeau (“Cape Girardeau”)—A dockside casino and pavilion and entertainment center in Cape Girardeau, Missouri that includes 851 slot machines, 20 table games and four poker tables;
- Lady Luck Casino Caruthersville (“Caruthersville”)—A riverboat casino located along the Mississippi River in Caruthersville, Missouri that includes 513 slot machines and nine table games;
- Isle of Capri Casino Kansas City (“Kansas City”)—A dockside casino located close to downtown Kansas City, Missouri offering 935 slot machines and 13 table games;
- Tropicana Casino and Resort, Atlantic City (“Trop AC”)—A casino and resort situated on approximately 15 acres with approximately 660 feet of ocean frontage in Atlantic City, New Jersey that includes 2,323 slot machines, 107 table games, 18 poker tables, a race and sportsbook and 2,364 hotel rooms;
- Tropicana Evansville (“Evansville”)—A casino hotel and entertainment complex in Evansville, Indiana featuring 1,118 slot machines, 35 table games, six poker tables and two on-site hotels with a total of 338 rooms;
- Lumière Place Casino (“Lumière”)—A casino located on approximately 20 acres, located in historic downtown St. Louis, Missouri near business and entertainment districts that overlooks the Mississippi River with 1,385 slot machines, 46 table games, 10 poker tables and 494 hotel rooms (including a 200-room Four Seasons Hotel);
- Tropicana Laughlin Hotel and Casino (“Laughlin”)—A casino in Laughlin, Nevada that includes 917 slot machines, 13 table games, a race and sportsbook and 1,487 hotel rooms;
- MontBleu Casino Resort & Spa (“MontBleu”)—A casino situated on approximately 21 acres in South Lake Tahoe, Nevada surrounded by the Sierra Nevada Mountains featuring 425 slot machines, 17 table games, a race and sportsbook and 438 hotel rooms;
- Trop Casino Greenville (“Greenville”)—A landside gaming facility located in Greenville, Mississippi with 600 slot machines, four table games and 40 hotel rooms;
- Belle of Baton Rouge Casino & Hotel (“Baton Rouge”)—A dockside riverboat situated on approximately 23 acres on the Mississippi River in the downtown historic district of Baton Rouge featuring 773 slot machines, 14 table games and 288 hotel rooms; and
- Grand Victoria Casino (“Elgin”)—A casino located in Elgin, Illinois featuring 1,088 slot machines and 30 table games.

Reclassifications

Certain reclassifications of prior year presentations have been made to conform to the current period presentation.

Basis of Presentation

The accompanying unaudited consolidated financial statements of the Company and its subsidiaries have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information with the instructions for Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by US GAAP for complete financial statements. In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments, all of which are normal and recurring, considered necessary for a fair presentation. The results of operations for these interim periods are not necessarily indicative of the operating results for other quarters, for the full year or any future period.

The executive decision maker of our Company reviews operating results, assesses performance and makes decisions on a “significant market” basis. Management views each of our casinos as an operating segment. Operating segments are aggregated based on their similar economic characteristics, types of customers, types of services and products provided, and their management and reporting structure. Prior to the Elgin and Tropicana acquisitions, the Company’s principal operating activities occurred in four geographic regions and reportable segments. Following the Elgin and Tropicana acquisitions, a fifth segment, Central, was added. The reportable segments are based on the similar characteristics of the operating segments within the regions in which they operate: West, Midwest, South, East, and Central. (See Note 16 for a listing of properties included in each segment).

The presentation of information herein for periods prior to our acquisitions of Elgin and Tropicana and after our acquisitions of Elgin and Tropicana are not fully comparable because the results of operations for Elgin and Tropicana are not included for periods prior to August 7, 2018 and October 1, 2018, respectively. Additionally, the Company closed on its sales of Presque Isle Downs and Nemaquin in January 2019 and March 2019, respectively. (See Note 5).

These unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2018.

Recently Issued Accounting Pronouncements

Pronouncements Implemented in 2019

In February 2016 (as amended through December 2018), the FASB issued ASU No. 2016-02 codified as Accounting Standards Codification (“ASC”) 842, Leases, (“ASC 842”) which addresses the recognition and measurement of leases. Under the new guidance, for all leases, at the commencement date, lessees were required to recognize a lease liability, which is a lessee’s obligation to make lease payments arising from a lease. The liability is measured on a discounted basis. Lessees also recognized a right-of-use (“ROU”) asset, which is an asset that represents the lessee’s right to control the use of a specified asset for the lease term. Under the new guidance, lessor accounting is largely unchanged. The effective date is for the annual and interim periods beginning after December 15, 2018. ASC 842 requires a transition adoption election using either 1) a modified retrospective approach with periods prior to the adoption date being recast or 2) a prospective approach with a cumulative-effect adjustment recognized to the opening balance of retained earnings on the adoption date with prior periods continuing to be reported under prior lease accounting guidance.

The Company adopted ASC 842 on January 1, 2019 using the prospective approach, and therefore, comparative periods will continue to be reported under prior lease accounting guidance consistent with previously issued financial statements. We elected the package of practical expedients permitted under the transition guidance within ASC 842, which among other things, allowed us to carry forward the historical lease identification, lease classification and treatment of initial direct costs for leases entered into prior to January 1, 2019. We also made an accounting policy election to not record short-term leases with an initial term of 12 months or less on the balance sheet for all classes of underlying assets. We have also elected to not adopt the hindsight practical expedient for determining lease terms.

Our operating leases, in which we are the lessee, are recorded on the balance sheet as a ROU asset with a corresponding lease liability. The lease liability will be remeasured each reporting period with a corresponding change to the ROU asset. The adoption of this guidance did not have an impact on net income; however, upon adoption we recorded a cumulative adjustment to our retained earnings of \$4.7 million, net of tax, primarily related to the Company’s lease and management agreements at its Bettendorf location. (See Note 2). Adoption of this guidance did not have a material impact on the Company’s other financing leases.

Pronouncements to Be Implemented in Future Periods

In June 2016 (modified in November 2018), the FASB issued ASU No 2016-13, Financial Instruments – Credit Losses related to timing on recognizing impairment losses on financial assets. The new guidance lowers the threshold on when losses are incurred, from a determination that a loss is probable to a determination that a loss is expected. The change in guidance will be applicable to our evaluation of the CRDA investments (see Note 8). The guidance is effective for interim and annual periods beginning after December 15, 2019, and early adoption is allowed for interim and annual periods beginning after December 15, 2018. Adoption of the guidance requires a modified-retrospective approach and a cumulative adjustment to retained earnings to the first reporting period that the update is effective. We expect to adopt the new guidance on January 1, 2020 and currently we do not expect a cumulative effect on our Consolidated Financial Statements.

In August 2018, the FASB issued ASU 2018-15, Customer’s Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That is a Service Contract. This amendment aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software (and hosting arrangements that include an internal use software license). This generally means that an intangible asset is recognized for the software license and, to the extent that the payments attributable to the software license are made over time, a liability also is recognized. If a cloud computing arrangement does not include a software license, the entity should account for the arrangement as a service contract. This generally means that the fees associated with the hosting element (service) of the arrangement are expensed as incurred. The amendment is effective for annual and interim periods beginning after December 15, 2019, with early adoption allowed. We expect to adopt the new guidance on January 1, 2020 and are evaluating the qualitative and quantitative effects of the new guidance. We do not believe it will have a significant impact on our Consolidated Financial Statements.

In August 2018, the FASB issued ASU No 2018-14, Compensation – Retirement Benefits – Defined Benefit Plans – General. This amendment improves disclosures over defined benefit plans and is effective for interim and annual periods ending after December 15, 2020 with early adoption allowed. We anticipate adopting this amendment during the first quarter of 2021, and do not expect it to have a significant impact on our Consolidated Financial Statements.

In August 2018, the FASB issued ASU 2018-13, Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement. This amendment modifies the disclosure requirements for fair value measurements and is effective for annual and interim periods beginning after December 15, 2019, with early adoption allowed. The Company is evaluating the qualitative and quantitative effect the new guidance will have on our Consolidated Financial Statements.

Note 2. Leases

The Company’s management determines if a contract is or contains a lease at inception or modification of a contract. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control over the use of the identified asset means the lessee has both (a) the right to obtain substantially all of the economic benefits from the use of the asset and (b) the right to direct the use of the asset.

Finance and operating lease ROU assets and liabilities are recognized based on the present value of future minimum lease payments over the expected lease term at commencement date. As the implicit rate is not determinable in most of the Company’s leases, management uses the Company’s incremental borrowing rate based on the information available at the lease commencement date in determining the present value of future payments. The expected lease terms include options to extend or terminate the lease when it is reasonably certain the Company will exercise such options. Lease expense for operating leases with minimum lease payments is recognized on a straight-line basis over the expected lease term.

The Company’s lease arrangements have lease and non-lease components. For leases in which the Company is the lessee, the Company accounts for the lease components and non-lease components as a single lease component for all classes of underlying assets. Leases, in which the Company is the lessor, are substantially all accounted for as operating leases and the lease components and non-lease components are accounted for separately, which is consistent with the Company’s historical accounting. Leases with an expected or initial term of 12 months or less are not accounted for on the balance sheet and the related lease expense is recognized on a straight-line basis over the expected lease term.

The Company has operating and finance leases for various real estate and equipment. Certain of our lease agreements include rental payments based on a percentage of sales over specified contractual amounts, rental payments adjusted periodically for inflation and rental payments based on usage. The Company's leases include options to extend the lease term one month to 60 years. Except for the GLPI Master Lease (see Note 10), the Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Leases recorded on the balance sheet consist of the following (in thousands):

Leases	Classification on the Balance Sheet	June 30, 2019
ASSETS		
Operating lease ROU assets	Other assets, net	\$ 286,699
Finance lease ROU assets	Property and equipment, net(1)	\$ 945,774
LIABILITIES		
Current:		
Operating	Accrued other liabilities	\$ 23,294
Finance	Current portion of long-term debt	\$ 226
Noncurrent:		
Operating	Other long-term liabilities	\$ 268,444
Finance	Long-term financing obligation and debt	\$ 965,376

(1) Finance lease ROU assets are recorded net of accumulated depreciation of \$12.2 million as of June 30, 2019.

Other information related to lease terms and discount rates are as follows:

	June 30, 2019
Weighted Average Remaining Lease Term	
Operating leases	34.4 years
Finance leases	34.3 years
Weighted Average Discount Rate	
Operating leases(1)	7.1%
Finance leases	10.2%

(1) Upon adoption of the new lease standard, discount rates used for existing operating leases were established on January 1, 2019.

The components of lease expense are as follows (in thousands):

	Three Months Ended June 30, 2019	Six Months Ended June 30, 2019
Operating lease cost:		
Operating lease cost	\$ 7,599	\$ 15,055
Short-term and variable lease cost	1,664	3,638
Finance lease cost:		
Interest expense on lease liabilities	24,632	49,235
Amortization of ROU assets	2,628	5,139
Total lease cost	\$ 36,523	\$ 73,067

Supplemental cash flow information related to leases is as follows (in thousands):

	Six Months Ended June 30, 2019
Cash paid for amounts included in the measurement of lease liabilities:	
Operating cash flows for operating leases	\$ 13,698
Operating cash flows for finance leases	\$ 43,862

Maturities of lease liabilities are summarized as follows (in thousands):

	<u>Operating Leases</u>	<u>Finance Leases</u>
Year ending December 31,		
2019 (excluding the six months ended June 30, 2019)	\$ 14,739	\$ 44,348
2020	24,385	89,239
2021	23,279	90,463
2022	22,659	91,744
2023	22,642	92,990
Thereafter	846,612	3,506,672
Total future minimum lease payments	954,316	3,915,456
Less: amount representing interest	(662,578)	(3,369,954)
Present value of future minimum lease payments	291,738	545,502
Less: current lease obligations	(23,294)	(226)
Plus: residual values - GLPI	—	420,100
Long-term lease obligations	<u>\$ 268,444</u>	<u>\$ 965,376</u>

Note 3. Revenue Recognition

The Company recognizes as casino revenue the net win from gaming activities, which is the difference between gaming wins and losses, not the total amount wagered. Progressive jackpots are accrued and charged to revenue at the time the obligation to pay the jackpot is established. Gaming revenues are recognized net of certain cash and free play incentives. Pari-mutuel commissions consist of commissions earned from thoroughbred and harness racing and importing of simulcast signals from other race tracks and are recognized at the time wagers are made. Such commissions are a designated portion of the wagering handle as determined by state racing commissions and are shown net of the taxes assessed by state and local agencies, as well as purses and other contractual amounts paid to horsemen associations. The Company recognizes revenues from fees earned through the exporting of simulcast signals to other race tracks at the time wagers are made and recorded on a gross basis. Such fees are based upon a predetermined percentage of handle as contracted with the other race tracks.

Hotel, food and beverage services have been determined to be separate, stand-alone performance obligations and are recorded as revenue as the good or service is transferred to the customer over the customer's stay at the hotel or when the delivery is made for the food and beverage. Advance deposits for future hotel occupancy, convention space or food and beverage services contracts are recorded as deferred income until the revenue recognition criteria has been met. The Company also provides goods and services that may include multiple performance obligations, such as for packages, for which revenues are allocated on a pro rata basis based on each service's stand-alone selling price.

The Company offers programs at its properties whereby participating customers can accumulate points for wagering that can be redeemed for credits for free play on slot machines, lodging, food and beverage, merchandise and, in limited situations, cash. The incentives earned by customers under these programs are based on previous revenue transactions and represent separate performance obligations. Points earned, less estimated breakage, are recorded as a reduction of casino revenues at the standalone selling price of the points when earned based upon the retail value of the benefits, historical redemption rates and estimated breakage and recognized as departmental revenue based on where such points are redeemed upon fulfillment of the performance obligation. The player loyalty program liability represents a deferral of revenue until redemption occurs, which is typically less than one year.

The Company offers discretionary coupons and other discretionary complimentary to customers outside of the player loyalty program. The retail value of complimentary food, beverage, hotel rooms and other services provided to customers is recognized as a reduction to the revenues for the department which issued the complimentary and a credit to the revenue for the department redeemed. Complimentaries provided by third parties at the discretion and under the control of the Company is recorded as an expense when incurred.

The Company's consolidated statement of operations presents net revenue disaggregated by type or nature of the good or service (i.e., casino, pari-mutuel, food and beverage, hotel and other). A summary of net revenues disaggregated by type of revenue and reportable segment is presented below (amounts in thousands). Refer to Note 16 for a discussion of the Company's reportable segments.

Contract and Contract Related Liabilities

The Company records contract or contract-related liabilities related to differences between the timing of cash receipts from the customer and the recognition of revenue. The Company generally has three types of liabilities related to contracts with customers: (1) outstanding chip liability, which represents the amounts owed in exchange for gaming chips held by a customer, (2) player loyalty program obligations, which represents the deferred allocation of revenue relating to player loyalty program incentives earned, as discussed above, and (3) customer deposits and other deferred revenue, which is primarily funds deposited by customers related to gaming play, advance payments on goods and services yet to be provided (such as advance ticket sales and deposits on rooms and convention space or for unpaid wagers), and deferred revenues associated with the Company's interests in William Hill and TSG (see Note 7 and Note 8). Except for deferred revenues related to William Hill and TSG, these liabilities are generally expected to be recognized as revenue within one year of being purchased, earned, or deposited and are recorded within "Accrued other liabilities" on the Company's Consolidated Balance Sheets.

The following table summarizes the activity related to contract and contract-related liabilities (in thousands):

	Outstanding Chip Liability		Player Loyalty Liability		Customer Deposits and Other Deferred Revenue	
	2019	2018	2019	2018	2019	2018
Balance at January 1	\$ 8,930	\$ 4,743	\$ 17,639	\$ 11,752	\$ 27,588	\$ 5,487
Balance at June 30	7,802	4,948	14,723	10,430	174,287	5,684
Increase / (decrease)	\$ (1,128)	\$ 205	\$ (2,916)	\$ (1,322)	\$ 146,699	\$ 197

The June 30, 2019 balances exclude liabilities related to assets held for sale recorded in 2019 (see Note 5). The change in customer deposits and other deferred revenue during the six months ended June 30, 2019 is primarily attributed to the Company's interests in William Hill, which is recorded in other long-term liabilities on the Consolidated Balance Sheets (see Note 7).

Note 4. Purchase Price Accounting and Pro Forma Information

Tropicana

Acquisition Summary

On April 15, 2018, the Company announced that it had entered into a definitive agreement to acquire Tropicana in a cash transaction valued at \$1.9 billion. At the closing of the transaction on October 1, 2018, a subsidiary of the Company merged into Tropicana and Tropicana became a wholly-owned subsidiary of the Company. Immediately prior to the merger, Tropicana sold Tropicana Aruba Resort and Casino and Gaming and Leisure Properties, Inc. ("GLPI") acquired substantially all of Tropicana's real estate, other than the real estate underlying MontBleu and Lumière, for approximately \$964 million and the Company acquired Tropicana's operations and certain real estate for \$927.3 million. Substantially concurrently with the acquisition of the real estate portfolio by GLPI, the Company also entered into a triple net master lease (see Note 10). The Company funded the purchase of the real estate underlying Lumière with the proceeds of a \$246 million loan (see Note 11) and funded the remaining consideration payable with cash on hand at the Company and Tropicana, borrowings under the Company's revolving credit facility and proceeds from the Company's offering of \$600 million in aggregate principal amount of 6% senior notes due 2026.

Transaction expenses related to the Tropicana Acquisition totaled \$1.1 million and \$2.5 million for the three months ended June 30, 2019 and 2018, respectively, and \$2.5 million and \$3.5 million for the six months ended June 30, 2019 and 2018, respectively.

Preliminary Purchase Price Accounting

The total purchase consideration for the Tropicana Acquisition was \$927.3 million. The estimated purchase consideration in the acquisition was determined with reference to its acquisition date fair value.

Purchase consideration calculation (dollars in thousands)	
Cash consideration paid	\$ 640,000
Lumière Loan	246,000
Cash paid to retire Tropicana's long-term debt	35,000
ERI portion of taxes due	6,333
Purchase consideration	\$ 927,333

The fair values are based on management's analysis including preliminary work performed by third party valuation specialists, which are subject to finalization and review. The purchase price accounting for Tropicana is preliminary as it relates to determining the fair value of certain assets and liabilities, including goodwill, and is subject to change. No changes have been recorded since the October 1, 2018 acquisition date. The following table summarizes the preliminary allocation of the purchase consideration to the identifiable assets acquired and liabilities assumed of Tropicana, with the excess recorded as goodwill as of June 30, 2019 (dollars in thousands):

Current and other assets	\$ 183,292
Property and equipment	432,758
Property subject to the financing obligation	957,300
Goodwill	220,482
Intangible assets (i)	247,976
Other noncurrent assets	38,276
Total assets	2,080,084
Current liabilities	(168,856)
Financing obligation to GLPI	(957,300)
Noncurrent liabilities	(26,595)
Total liabilities	(1,152,751)
Net assets acquired	\$ 927,333

- (i) Intangible assets consist of gaming licenses valued at \$124.9 million, trade names valued at \$67.1 million and player loyalty programs valued at \$55.9 million.

Valuation methodologies under both a market and income approach used for the identifiable net assets acquired in the Tropicana Acquisition make use of Level 3 inputs including discounted cash flows.

Trade receivables and payables, inventories and other current and noncurrent assets and liabilities were valued at the existing carrying values as they represented the estimated fair value of those items at the Tropicana Acquisition date.

The fair value of land (excluding the real property acquired by GLPI) was determined using the market approach, which arrives at an indication of value by comparing the site being valued to sites that have been recently acquired in arm's-length transactions. The market data is then adjusted for any significant differences, to the extent known, between the identified comparable sites and the site being valued. Building and site improvements were valued under the cost approach using a direct cost model built on estimates of replacement cost. Personal property assets with an active and identifiable secondary market such as riverboats, gaming equipment, computer equipment and vehicles were valued using the market approach. Other personal property assets such as furniture, fixtures, computer software, and restaurant equipment were valued using the cost approach which is based on replacement or reproduction costs of the asset. The cost approach is an estimation of fair value developed by computing the current cost of replacing a property and subtracting any depreciation resulting from one or more of the following factors: physical deterioration, functional obsolescence, and/or economic obsolescence. The income approach incorporates all tangible and intangible property and served as a ceiling for the fair values of the acquired assets of the ongoing business enterprise, while still taking into account the premise of highest and best use. In the instance where the business enterprise value developed via the income approach was exceeded by the initial fair values of the underlying assets, an adjustment to reflect economic obsolescence was made to the tangible assets on a pro rata basis to reflect the contributory value of each individual asset to the enterprise as a whole.

The real estate assets that were sold to GLPI and leased back by the Company were adjusted to fair value concurrently with the acquisition of Tropicana. The fair value of the properties was determined utilizing the direct capitalization method of the income approach. In allocating the fair value to the underlying acquired assets, a fair value for the buildings and improvements was determined using the above mentioned cost approach method. To determine the underlying land value, the extraction method was applied wherein the fair value of the building and improvements was deducted from the fair value of the property as derived from the direct capitalization approach to determine the fair value of the land. The fair value of GLPI's real estate assets was determined to be \$957.3 million.

The fair value of the gaming licenses was determined using the multi period excess earnings or replacement cost methodology, based on whether the license resides in gaming jurisdictions where competition is limited to a specified number of licensed gaming operators. The excess earnings methodology is an income approach methodology that estimates the projected cash flows of the business attributable to the gaming license intangible asset, which is net of charges for the use of other identifiable assets of the business including working capital, fixed assets and other intangible assets. Under the respective state's gaming legislation, the property specific licenses can only be acquired if a theoretical buyer were to acquire each existing facility. The existing licenses could not be acquired and used for a different facility. The properties' estimated future cash flows were the primary assumption in the respective valuations. Cash flow estimates included net gaming revenue, gaming operating expenses, general and administrative expenses, and tax expense. The replacement cost methodology is a cost approach methodology based on replacement or reproduction cost of the gaming license as an indicator of fair value.

The Company has assigned an indefinite useful life to the gaming licenses, in accordance with its review of the applicable guidance of ASC 350. The Company considered, among other things, the expected use of the asset, the expected useful life of other related assets or asset groups, any legal, regulatory, or contractual provisions that may limit the useful life, the Company's own historical experience in renewing similar arrangements, the effects of obsolescence, demand and other economic factors, and the maintenance expenditures required to obtain the expected cash flows. The Company determined that no legal, regulatory, contractual, competitive, economic or other factors limit the useful lives of these intangible assets. Tropicana had licenses in New Jersey, Missouri, Mississippi, Nevada, Indiana, and Louisiana. The renewal of each state's gaming license depends on a number of factors, including payment of certain fees and taxes, providing certain information to the state's gaming regulator, and meeting certain inspection requirements. However, the Company's historical experience has not indicated, nor does the Company expect, any limitations regarding its ability to continue to renew each license. No other competitive, contractual, or economic factor limits the useful lives of these assets. Accordingly, the Company has concluded that the useful lives of these licenses are indefinite.

Trade names are valued using the relief from royalty method, which presumes that without ownership of such trademarks, the Company would have to make a stream of payments to a brand or franchise owner in return for the right to use their name. By virtue of this asset, the Company avoids any such payments and records the related intangible value of the Company's ownership of the brand name. The primary assumptions in the valuation included revenue, pre-tax royalty rate, and tax expense. The Company has assigned an indefinite useful life to the trade names after considering, among other things, the expected use of the asset, the expected useful life of other related assets or asset groups, any legal, regulatory, or contractual provisions that may limit the useful life, the Company's own historical experience in renewing similar arrangements, the effects of obsolescence, demand and other economic factors, and the maintenance expenditures required to obtain the expected cash flows. In that analysis, the Company determined that no legal, regulatory, contractual, competitive, economic or other factors limit the useful lives of these intangible assets.

Player loyalty programs were valued using the cost approach and the incremental cash flow method under the income approach. The incremental cash flow method is used to estimate the fair value of an intangible asset based on a residual cash flow notion. This method measures the benefits (e.g., cash flows) derived from ownership of an acquired intangible asset as if it were in place, as compared to the acquirer's expected cash flows as if the intangible asset were not in place (i.e., with-and-without). The residual or net cash flows of the two models is ascribable to the intangible asset. The Company has estimated a 3-year useful life on the player loyalty programs.

Goodwill is the result of expected synergies from combining operations of the acquired and acquirer. The goodwill acquired is fully amortizable for tax purposes.

For the period from January 1, 2019 through June 30, 2019, Tropicana generated net revenues of \$418.2 million and net income of \$5.3 million.

Elgin

Acquisition Summary

On August 7, 2018, the Company completed its acquisition of one hundred percent of the partnership interests in Elgin. As a result of the Elgin Acquisition, Elgin became an indirect wholly-owned subsidiary of the Company. The Company purchased Elgin for \$327.5 million plus a \$1.3 million working capital adjustment. The Elgin Acquisition was financed using cash on hand and borrowings under the Company's revolving credit facility.

Transaction expenses related to the Elgin Acquisition totaled \$14 thousand and \$736 thousand for the three months ended June 30, 2019 and 2018, respectively and \$45 thousand and \$1.3 million for the six months ended June 30, 2019 and 2018, respectively.

Final Purchase Price Accounting – Elgin

The total purchase consideration for the Elgin Acquisition was \$328.8 million. The purchase consideration in the acquisition was determined with reference to its acquisition date fair value.

Purchase consideration calculation (dollars in thousands)

Cash consideration paid	\$	327,500
Working capital and other adjustments		1,304
Purchase consideration	\$	<u>328,804</u>

The fair values are based on management’s analysis including work performed by third party valuation specialists. No changes were recorded during the six months ended June 30, 2019. The following table summarizes the allocation of the purchase consideration to the identifiable assets acquired and liabilities assumed of Elgin, with the excess recorded as goodwill as of June 30, 2019 (dollars in thousands):

Cash and cash equivalents	\$	25,349
Property and equipment		60,792
Goodwill		59,774
Intangible assets (i)		205,296
Other noncurrent assets		915
Total assets		<u>352,126</u>
Current liabilities		(21,572)
Noncurrent liabilities		(1,750)
Total liabilities		<u>(23,322)</u>
Net assets acquired	\$	<u>328,804</u>

- (i) Intangible assets consist of gaming license valued at \$163.9 million, trade names valued at \$12.6 million and player relationships valued at \$28.8 million.

Valuation methodologies under both a market and income approach used for the identifiable net assets acquired in the Elgin Acquisition make use of Level 3 inputs including discounted cash flows.

Trade receivables and payables, inventories and other current and noncurrent assets and liabilities were valued at the existing carrying values as they represented the estimated fair value of those items at the Elgin Acquisition date.

The fair value of land was determined using the market approach, which arrives at an indication of value by comparing the site being valued to sites that have been recently acquired in arm’s-length transactions. The market data is then adjusted for any significant differences, to the extent known, between the identified comparable sites and the site being valued. Building and site improvements were valued under the cost approach using a direct cost model built on estimates of replacement cost. Personal property assets with an active and identifiable secondary market such as riverboats, gaming equipment, computer equipment and vehicles were valued using the market approach. Other personal property assets such as furniture, fixtures, computer software, and restaurant equipment were valued using the cost approach which is based on replacement or reproduction costs of the asset.

The cost approach is an estimation of fair value developed by computing the current cost of replacing a property and subtracting any depreciation resulting from one or more of the following factors: physical deterioration, functional obsolescence, and/or economic obsolescence. The income approach incorporates all tangible and intangible property and served as a ceiling for the fair values of the acquired assets of the ongoing business enterprise, while still taking into account the premise of highest and best use.

The Company has assigned an indefinite useful life to the gaming licenses, in accordance with its review of the applicable guidance of ASC 350. The fair value of the gaming license was determined using the multi period excess earnings method. The excess earnings methodology, which is an income approach methodology that allocates the projected cash flows of the business to the gaming license intangible assets less charges for the use of other identifiable assets of Elgin including working capital, fixed assets and other intangible assets. This methodology was considered appropriate as the gaming license is the primary asset of Elgin. The property's estimated future cash flows were the primary assumption in the respective valuations. Cash flow estimates included net gaming revenue, gaming operating expenses, general and administrative expenses, and tax expense. The renewal of the gaming license depends on a number of factors, including payment of certain fees and taxes, providing certain information to the state's gaming regulator, and meeting certain inspection requirements. However, the Company's historical experience has not indicated, nor does the Company expect, any limitations regarding its ability to continue to renew the license. No other competitive, contractual, or economic factor limits the useful lives of this asset. Accordingly, the Company has concluded that the useful life of this license is indefinite.

The player loyalty program was valued using the cost approach and the incremental cash flow method under the income approach. The incremental cash flow method is used to estimate the fair value of an intangible asset based on a residual cash flow notion. This method measures the benefits (e.g., cash flows) derived from ownership of an acquired intangible asset as if it were in place, as compared to the acquirer's expected cash flows as if the intangible asset were not in place (i.e., with-and-without). The residual or net cash flows of the two models is ascribable to the intangible asset. The Company has estimated a 4-year useful life on the player loyalty programs.

The trade name was valued using the relief-from-royalty method. The primary assumptions in the valuation included revenue, pre-tax royalty rate, and tax expense. The Company has assigned the trade name an indefinite useful life after considering, among other things, the expected use of the asset, the expected useful life of other related assets or asset groups, any legal, regulatory, or contractual provisions that may limit the useful life, the Company's own historical experience in renewing similar arrangements, the effects of obsolescence, demand and other economic factors, and the maintenance expenditures required to obtain the expected cash flows. In that analysis, the Company determined that no legal, regulatory, contractual, competitive, economic or other factors limit the useful lives of these intangible assets.

Goodwill is the result of expected synergies from combining operations of the acquired and acquirer. The goodwill acquired is fully amortizable for tax purposes.

For the period from January 1, 2019 through June 30, 2019, Elgin generated net revenues of \$76.7 million and net income of \$11.4 million.

Unaudited Pro Forma Information

Tropicana

The following unaudited pro forma information presents the results of operations of the Company for the six months ended June 30, 2018, as if only the Tropicana Acquisition had occurred on January 1, 2017 (in thousands).

	Six Months Ended June 30, 2018	
Net operating revenues	\$	1,342,436
Net income		47,659

These pro forma results do not necessarily represent the results of operations that would have been achieved if the acquisition had taken place on January 1, 2017, nor are they indicative of the results of operations for future periods. The pro forma amounts include the historical operating results of the Company and Tropicana prior to the Tropicana Acquisition with adjustments directly attributable to the Tropicana Acquisition.

Elgin

The following unaudited pro forma information presents the results of operations of the Company for the six months ended June 30, 2018, as if only the Elgin Acquisition had occurred on January 1, 2017 (in thousands).

	Six Months Ended June 30, 2018	
Net operating revenues	\$	977,241
Net income		64,857

These pro forma results do not necessarily represent the results of operations that would have been achieved if the acquisition had taken place on January 1, 2017, nor are they indicative of the results of operations for future periods. The pro forma amounts include the historical operating results of the Company and Elgin prior to the Elgin Acquisition with adjustments directly attributable to the Elgin Acquisition.

Note 5. Assets Held for Sale

Century Casinos, Inc. and VICI Properties, Inc.

On June 17, 2019, the Company entered into definitive agreements to sell the real property relating to Mountaineer, Cape Girardeau, and Caruthersville to VICI Properties, Inc. ("VICI") for approximately \$278 million and, immediately following the consummation of the sale such real property, sell all of the outstanding equity interests of Mountaineer Park, Inc., IOC-Caruthersville, LLC and IOC-Cape Girardeau, LLC to Century Casinos, Inc. for approximately \$107 million, subject to a customary working capital adjustment.

The divestitures are subject to receipt of required regulatory approvals and other customary closing conditions. The divestitures are expected to close in early 2020 subject to satisfaction of closing conditions.

The assets and liabilities held for sale, accounted for at carrying value as it was lower than fair value, were as follows as of June 30, 2019 (in thousands):

Churchill Downs Incorporated

On February 28, 2018, the Company entered into definitive agreements to sell substantially all of the assets and liabilities of Presque Isle Downs and Vicksburg to Churchill Downs Incorporated (“CDI”). Under the terms of the agreements, CDI agreed to purchase Presque Isle Downs for cash consideration of approximately \$178.9 million and Vicksburg for cash consideration of approximately \$50.6 million, in each case subject to a customary working capital adjustment. In conjunction with the classification of Vicksburg’s operations as assets held for sale at June 30, 2018 as a result of the announced sale to CDI, an impairment charge totaling \$9.8 million was recorded due to the carrying value exceeding the estimated net sales proceeds.

The definitive agreements provided that the divestitures were subject to receipt of required regulatory approvals, termination of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the “HSR Act”) and other customary closing conditions, including, in the case of Presque Isle Downs, the prior closing of the sale of Vicksburg or the entry into an agreement to acquire another asset of the Company. On May 7, 2018, the Company and CDI each received a Request for Additional Information and Documentary Materials, often referred to as a “Second Request,” from the Federal Trade Commission in connection with its review of the Vicksburg acquisition.

On July 6, 2018, in consideration of the time and expense needed to reply to the Second Request, the Company and CDI entered into a termination agreement and release pursuant to which the parties agreed to terminate the asset purchase agreement with respect to Vicksburg and to enter into an asset purchase agreement pursuant to which CDI would acquire and assume the rights and obligations to operate Nemaçolin (the “Vicksburg Termination Agreement”). The Vicksburg Termination Agreement also provided that CDI would pay the Company a \$5.0 million termination fee upon execution of a definitive agreement with respect to the Nemaçolin transaction, which was recorded as proceeds from terminated sale on the Consolidated Statements of Income. On August 10, 2018, the Company entered into a definitive agreement to sell substantially all of the assets and liabilities of Nemaçolin to CDI. Under the terms of the agreement, CDI agreed to purchase Nemaçolin for cash consideration of approximately \$0.1 million, subject to a customary working capital adjustment. As a result of the agreement to sell Nemaçolin, an impairment charge of \$3.8 million was recorded in the third quarter of 2018 due to the carrying value of the net property and equipment being sold exceeding the estimated net sales proceeds.

The sale of Presque Isle Downs closed on January 11, 2019 resulting in a gain on sale of \$22.1 million, net of final working capital adjustments, for the six months ended June 30, 2019. The sale of Nemaçolin closed on March 8, 2019 resulting in a gain on sale of \$0.1 million, net of final working capital adjustments, for the six months ended June 30, 2019.

Prior to the respective closing dates, the divestitures of Nemaçolin and Presque Isle Downs, both of which were reported in the East segment, met the requirements for presentation as assets held for sale under generally accepted accounting principles. Due to the termination of the Vicksburg sale, Vicksburg was no longer presented as an asset held for sale as of December 31, 2018.

The assets and liabilities held for sale, accounted for at carrying value as it was lower than fair value, were as follows as of December 31, 2018 (in thousands):

	December 31, 2018		
	Nemacolin	Presque Isle Downs	Total

Net income (loss)	(62)	(754)	4,166	(468)

These amounts include historical operating results, adjusted to eliminate the internal allocation of interest expense that was not assumed by the buyer.

Note 6. Stock-Based Compensation and Stockholder's Equity

Share Repurchase Program

In November 2018, the Company's Board of Directors authorized a \$150 million common stock repurchase program (the "Share Repurchase Program") pursuant to which the Company may, from time to time, repurchase shares of common stock on the open market (either with or without a 10b5-1 plan) or through privately negotiated transactions. The Share Repurchase Program has no time limit and may be suspended or discontinued at any time without notice. There is no minimum number of shares of common stock that the Company is required to repurchase under the Share Repurchase Program.

The Company acquired 223,823 shares of common stock at an aggregate value of \$9.1 million and an average of \$40.80 per share during the year ended December 31, 2018. No shares were repurchased during the six months ended June 30, 2019.

Stock-Based Compensation

The Company accounts for stock-based compensation in accordance with ASC 718, Compensation—Stock Compensation. Total stock-based compensation expense in the accompanying Consolidated Statements of Income totaled \$6.5 million and \$3.5 million during the three months ended June 30, 2019 and 2018, respectively, and \$11.5 million and \$7.2 million during the six months ended June 30, 2019 and 2018, respectively. These amounts are included in corporate expenses and, in the case of certain property positions, general and administrative expenses in the Company's Consolidated Statements of Income. We recognized an increase in income tax expense of \$1.3 million for the three months ended June 30, 2019, related to stock-based compensation. We recognized a reduction in income tax expense of \$1.1 million for the three months ended June 30, 2018, for excess tax benefits related to stock-based compensation. We recognized a reduction in income tax expense of \$1.3 million and \$4.5 million during the six months ended June 30, 2019 and 2018, respectively, for excess tax benefits related to stock-based compensation.

A summary of the restricted stock unit (RSU) activity for the six months ended June 30, 2019 is presented in the following table:

	Restricted Stock Units	
	Units	Weighted-Average Grant Date Fair Value (in millions)
Unvested outstanding as of December 31, 2018	1,283,372	\$ 23.93
Granted (1)	456,363	
Vested	(516,806)	
Unvested outstanding as of June 30, 2019	1,222,929	\$ 34.13

(1) Included are 51,731 RSUs granted to non-employee members of the Board of Directors during the six months ended June 30, 2019.

As of June 30, 2019 and 2018, the Company had \$27.3 million and \$14.3 million, respectively, of unrecognized compensation expense. The RSUs are expected to be recognized over a weighted-average period of 1.72 years and 1.41 years, respectively.

There was no ERI stock option activity for the six months ended June 30, 2019. Outstanding options as of June 30, 2019 totaled 135,956, of which 125,331 options were exercisable.

Note 7. Investments in and Advances to Unconsolidated Affiliates

Pompano Joint Venture

In April 2018, the Company entered into a joint venture with Cordish Companies ("Cordish") to master plan and develop a mixed-use entertainment and hospitality destination expected to be located on unused land adjacent to the casino and racetrack at the Company's Pompano property. As the managing member, Cordish will operate the business and manage the development, construction, financing, marketing, leasing, maintenance and day-to-day operation of the various phases of the project. Additionally, Cordish will be responsible for the development of the master plan for the project with the Company's input and will submit it for the Company's review and approval. The Company and Cordish have made cash contributions of \$500,000 each and could be required to make additional contributions to a maximum of \$2.0 million (\$1.0 million per member) at the request of the managing member. The Company has agreed to contribute approximately 130 to 200 acres of land to the joint venture for the project. While the Company holds a 50% variable interest in the joint venture, it is not the primary beneficiary; as such the investment in the joint venture is accounted for using the equity method. The Company will participate evenly with Cordish in the profits and losses of the joint venture, which is included in income (loss) from unconsolidated affiliates on the Consolidated Statements of Income. At June 30, 2019 and December 31, 2018, the Company's investment in the joint venture totaled \$1.2 million and \$0.6 million, respectively, recorded in investment in and advances to unconsolidated affiliates on the Consolidated Balance Sheets.

William Hill

In September 2018, the Company entered into a 25-year agreement, which became effective January 29, 2019, with William Hill PLC and William Hill US, its U.S. subsidiary (together, "William Hill") pursuant to which the Company (i) granted to William Hill the right to conduct betting activities in retail channels and under the Company's first skin and third skin for online channels with respect to the Company's current and future properties located in the United States and the territories and possessions of the United States, including Puerto Rico and the U.S. Virgin Islands and (ii) agreed that William Hill will have the right to conduct real money online gaming activities utilizing the Company's second skin available with respect to properties in such territory. Pursuant to the terms of the agreement, in January 2019 the Company received a 20% ownership interest in William Hill US as well as 13.4 million ordinary shares of William Hill PLC, which carry certain time restrictions on when they can be sold. Additionally, the Company receives a profit share from the operations of betting and other gaming activities associated with the Company's properties. "Skin" in the context of this agreement refers to Eldorado's ability to grant to William Hill an online channel that allows William Hill to operate online casino and sports gaming activities in reliance on, and utilizing the benefit of, any licenses granted to Eldorado or its subsidiaries. As of June 30, 2019, based on the Company's existing sportsbook operations with William Hill, the Company's receivable from William Hill totaled \$3.4 million and is reflected in due from affiliates on the Consolidated Balance Sheets.

The Company is accounting for its investment in William Hill US under the equity method. The fair value of the Company's initial investment in William Hill US of \$128.9 million at January 29, 2019 was determined using Level 3 inputs. As of June 30, 2019, the carrying value of the Company's interest in William Hill US was \$129.0 million recorded in investment in and advances to unconsolidated affiliates on the Consolidated Balance Sheets.

As of June 30, 2019, the fair value of the William Hill PLC shares totaled \$23.0 million, net of an unrealized loss of \$4.4 million, and included in other assets, net on the Consolidated Balance Sheets. The Company also recorded deferred revenue associated with the William Hill US and William Hill PLC shares and is recognizing revenue on a straight-line basis over the 25-year agreement term. The Company recognized revenue of \$1.5 million and \$2.6 million during the three and six months ended June 30, 2019, respectively. As of June 30, 2019, the balance of the William Hill deferred revenue totaled \$145.0 million and is recorded in other long-term liabilities on the Consolidated Balance Sheets.

Note 8. Intangible Assets, net and Other Long-Term Assets

Other and intangible assets, net, include the following amounts (in thousands):

	June 30, 2019	December 31, 2018	Useful Life
Goodwill	\$ 967,397	\$ 1,008,316	Indefinite
Gaming licenses	\$ 975,272	\$ 1,090,682	Indefinite
Trade names	176,429	187,929	Indefinite
Player loyalty programs	101,005	105,005	3 - 4 years
Subtotal	1,252,706	1,383,616	
Accumulated amortization player loyalty programs	(33,328)	(21,610)	
Total gaming licenses and other intangible assets, net	\$ 1,219,378	\$ 1,362,006	

Gaming licenses represent intangible assets acquired from the purchase of a gaming entity located in a gaming jurisdiction where competition is limited, such as when only a limited number of gaming operators are allowed to operate in the jurisdiction. These gaming license rights are not subject to amortization as the Company has determined that they have indefinite useful lives.

Amortization expense with respect to player loyalty programs for the three months ended June 30, 2019 and 2018 totaled \$7.7 million and \$1.2 million, respectively, and \$15.3 million and \$2.7 million for the six months ended June 30, 2019 and 2018, respectively, which is included in depreciation and amortization in the Consolidated Statements of Income. Such amortization expense is expected to be \$15.3 million for the remainder of 2019 and \$27.4 million, \$21.2 million and \$4.2 million for the years ended December 31, 2020, 2021 and 2022, respectively.

Goodwill represents the excess of the purchase prices of acquiring MTR Gaming, Isle, Elgin and Tropicana over the fair market value of the net assets acquired. In conjunction with the classification of Vicksburg's operations as assets held for sale at June 30, 2018 (see Note 5) as a result of the announced sale to CDI, an impairment charge totaling \$9.8 million was recorded due to the carrying value exceeding the estimated net sales proceeds. The impairment reduced the value of goodwill in the South segment in 2018.

The June 30, 2019 balances exclude assets held for sale recorded in 2019 (see Note 5), as well as the assets associated with the Presque Isle Downs and Nemacolin divestitures, which accounts for the change in goodwill and indefinite-lived intangible assets.

Other Assets, Net

Other assets, net, include the following amounts (in thousands):

	June 30, 2019	December 31, 2018
CRDA bonds and deposits, net	\$ 5,364	\$ 6,694
Unamortized debt issuance costs - Revolving Credit Facility	8,462	9,533
Non-operating real property	6,999	17,880
Long-term prepaid rent	—	20,198
Restricted cash and investments	32,428	15,064
ROU assets (see Note 2)	286,699	—
Other	7,450	14,077
Total other assets, net	<u>\$ 347,402</u>	<u>\$ 83,446</u>

The CRDA bonds have various contractual maturities that range up to 40 years. Actual maturities may differ from contractual maturities because of prepayment rights. The Company treats CRDA bonds as held-to-maturity since the Company has the ability and the intent to hold these bonds to maturity and under the CRDA, the Company is not permitted to do otherwise. After the initial determination of fair value, the Company analyzes the CRDA bonds for recoverability on a quarterly basis based on management's historical collection experience and other information received from the CRDA. If indications exist that the CRDA bond is impaired, additional valuation allowances are recorded.

Non-operating real property consists principally of land and undeveloped properties for which the Company has designated as non-operating and has declared its intent to sell such assets. As a result of a pending sale offer for certain non-operating real property located in Pennsylvania, the Company recognized an impairment charge of \$1.0 million for the six months ended June 30, 2019. Non-operating land totaling \$9.8 million associated with Mountaineer is included in assets held for sale as of June 30, 2019.

Approximately ten acres of the approximately 20 acres on which Tropicana Evansville is situated is subject to a lease with the City of Evansville, Indiana. Under the terms of the agreement, a pre-payment of lease rent of \$25 million was due at the commencement of the construction project. The prepayments will be applied against future rent in equal monthly amounts over a period of 120 months which commenced upon the opening of the property in January 2018. The current term of the lease expires November 30, 2027. As of December 31, 2018 this prepaid rent was included in long-term prepaid rent. However, upon adoption of the new lease accounting guidance the prepaid rent is now included with the Company's ROU assets.

In September 2018, we entered into a 25-year agreement, which became effective January 2019, with William Hill pursuant to which we received 13.4 million ordinary shares of William Hill PLC which carry certain time restrictions on when they can be sold. As of June 30, 2019, the fair value of the William Hill PLC shares totaled \$23.0 million, net of an unrealized loss of \$4.4 million, and is included in other assets, net on the Consolidated Balance Sheets.

Note 9. Income Taxes

The Company estimates an annual effective income tax rate based on projected results for the year and applies this rate to income before taxes to calculate income tax expense. Any refinements made due to subsequent information that affects the estimated annual effective income tax rate are reflected as adjustments in the current period.

For the three and six months ended June 30, 2019, the Company's tax expense was \$10.4 million and \$20.8 million, respectively, and for the three and six months ended June 30, 2018, the Company's tax expense was \$9.2 million and \$11.3 million, respectively. For the three and six months ended June 30, 2019, the difference between the effective rate and the statutory rate is attributed primarily to excess tax benefits associated with stock compensation, state and local income taxes and changes in the valuation allowance. For the three and six months ended June 30, 2018, the difference between the effective rate and the statutory rate is attributed primarily to state and local income taxes less excess tax benefits associated with stock compensation.

As of June 30, 2019, there were no unrecognized tax benefits and the Company does not expect a significant increase or decrease to the total amounts of unrecognized tax benefits within the next twelve months. We recognize accrued interest and penalties related to unrecognized tax benefits in income tax expense.

The Company and its subsidiaries file US federal income tax returns and various state and local income tax returns. The Company does not have tax sharing agreements with the other members within the consolidated ERI group. With few exceptions, the Company is no longer subject to US federal or state and local tax examinations by tax authorities for years before 2012.

Note 10. Long-Term Financing Obligation

As of December 31, 2018, under the prior lease accounting standard the Company's Master Lease with GLPI was accounted for as a failed sale-leaseback financing obligation equal to the fair value of the leased real estate assets and liabilities acquired in purchase accounting. Upon adoption of ASC 842 (see Note 2), the Company re-evaluated the Master Lease and determined this existing failed sale-leaseback transaction will continue to be accounted for as a financing obligation.

The fair value of the real estate assets and the related failed sale-leaseback financing obligations were estimated based on the present value of the estimated future lease payments over the lease term of 35 years, including renewal options, using an imputed discount rate of approximately 10.2%. The value of the failed sale-leaseback financing obligations is dependent upon assumptions regarding the amount of the lease payments and the estimated discount rate of the lease payments required by a market participant.

The Master Lease provides for the lease of land, buildings, structures and other improvements on the land (including barges and riverboats), easements and similar appurtenances to the land and improvements relating to the operation of the leased properties. The Master Lease provides for an initial term of fifteen years with no purchase option. At the Company's option, the Master Lease may be extended for up to four five-year renewal terms beyond the initial 15-year term. If we elect to renew the term of the Master Lease, the renewal will be effective as to all, but not less than all, of the leased property then subject to the Master Lease. The Company does not have the ability to terminate its obligations under the Master Lease prior to its expiration without GLPI's consent.

The rent payable under the Master Lease is comprised of "Base Rent" and "Percentage Rent." Base rent is the sum of:

- **Building Base Rent:** a fixed component equal to \$60.9 million during the first year of the Master Lease, and thereafter escalated annually by 2%, subject to a cap that would cause the preceding year's adjusted revenue to rent ratio for the properties in the aggregate not to fall below 1.20:1.00 for the first five years of the Master Lease and 1.80:1.00 thereafter; plus
- **Land Base Rent:** an additional fixed component equal to \$13.4 million, subject to adjustment in the event of the termination of the Master Lease with respect to any of the leased properties.

The percentage rent payable under the Master Lease is adjusted every two years based on the actual net revenues of the leased properties during the two-year period then ended. The initial variable rent, which is fixed for the first two years, is \$13.4 million per year. The actual percentage increase is based on actual performance and is subject to change.

The initial annual rent under the terms of the lease is approximately \$87.6 million.

Under the Master Lease, the Company is required to pay the following, among other things: lease payments to the underlying ground lessor for properties that are subject to ground leases, facility maintenance costs, all insurance premiums for insurance with respect to the leased properties and the business conducted on the leased properties, taxes levied on or with respect to the leased properties (other than taxes on the income of the lessor and all utilities and other services necessary or appropriate for the leased properties and the business conducted on the leased properties).

The estimated future lease payments include the minimum lease payments and were adjusted to reflect estimated lease payments as described in the agreements, including an annual escalator of up to 2%.

The future minimum payments related to the Master Lease financing obligation with GLPI at June 30, 2019 were as follows (in thousands):

2019 (excluding the six months ended June 30, 2019)	\$	44,124
2020		89,168
2021		90,417
2022		91,691
2023		92,990
Thereafter		3,506,672
Total future payments		<u>3,915,062</u>
Less: amounts representing interest at 10.2%		(3,369,954)
Plus: residual values		<u>420,100</u>
Financing obligation to GLPI	\$	<u><u>965,208</u></u>

Total payments and interest expense related to the Master Lease were \$21.9 million and \$24.6 million, respectively, for the three months ended June 30, 2019, and \$43.8 million and \$49.2 million, respectively, for the six months ended June 30, 2019. For the initial periods of the Master Lease, cash payments are less than the interest expense recognized, which causes the failed sale-leaseback obligation to increase during the initial years of the lease term.

The Master Lease contains certain covenants, including minimum capital improvement expenditures. As of June 30, 2019, we were in compliance with all of the covenants under the Master Lease.

Note 11. Long-Term Debt

Long-term debt consisted of the following (in thousands):

	June 30, 2019	December 31, 2018
Term Loan	\$ 956,750	\$ 956,750
Less: Unamortized discount and debt issuance costs	(16,948)	(18,426)
Net	939,802	938,324
6% Senior Notes due 2026	600,000	600,000
Less: Unamortized debt issuance costs	(18,976)	(19,630)
Net	581,024	580,370
6% Senior Notes due 2025	875,000	875,000
Plus: Unamortized debt premium	21,874	23,491
Less: Unamortized debt issuance costs	(17,192)	(18,405)
Net	879,682	880,086
7% Senior Notes due 2023	375,000	375,000
Less: Unamortized discount and debt issuance costs	(5,509)	(6,075)
Net	369,491	368,925
Revolving Credit Facility	—	245,000
Lumière Loan	246,000	246,000
Long-term notes and other payables	2,785	3,030
Less: Current portion	(329)	(462)
Total long-term debt	<u>\$ 3,018,455</u>	<u>\$ 3,261,273</u>

Amortization of the debt issuance costs and the discount and/or premium associated with our indebtedness totaled \$1.9 million and \$1.2 million, for the three months ended June 30, 2019 and 2018, respectively, and \$3.8 million and \$2.5 million, for the six months ended June 30, 2019 and 2018, respectively. Amortization of debt issuance costs is computed using the effective interest method and is included in interest expense.

Scheduled maturities of long-term debt are \$0.3 million for the remainder of 2019, \$246.2 million in 2020, \$0.2 million in 2021, \$0.2 million in 2022, \$375.1 million in 2023, and \$2.4 billion thereafter.

Term Loan and Revolving Credit Facility

The Company is party to a credit agreement with JPMorgan Chase Bank, N.A., as administrative agent, and the lenders party thereto dated as of April 17, 2017 (as amended the “Credit Facility”), consisting of a \$1.45 billion term loan facility (the “Term Loan Facility” or “Term Loan”) and a \$500.0 million revolving credit facility (the “Revolving Credit Facility”). The Company’s obligations under the Revolving Credit Facility will mature on October 1, 2023. The Company’s obligations under the Term Loan Facility will mature on April 17, 2024. The Company was required to make quarterly principal payments of \$3.6 million on the Term Loan Facility on the last day of each fiscal quarter beginning on June 30, 2017 but satisfied this requirement as a result of the principal prepayment of \$444.5 million on September 13, 2017 in conjunction with the issuance of the additional 6% Senior Notes due 2025. In addition, the Company is required to make mandatory payments of amounts outstanding under the Credit Facility with the proceeds of certain casualty events, debt issuances, and asset sales and, depending on its consolidated total leverage ratio, the Company may be required to apply a portion of its excess cash flow to repay amounts outstanding under the Credit Facility.

As of June 30, 2019, the Company had \$956.8 million outstanding on the Term Loan and no outstanding balance under the Revolving Credit Facility. The Company had \$483.7 million of available borrowing capacity, after consideration of \$16.3 million in outstanding letters of credit under its Revolving Credit Facility as of June 30, 2019. The Company applied approximately \$150.0 million of proceeds from the sale of Presque Isle Downs to repay amounts outstanding under the Revolving Credit Facility. Pursuant to the terms of the indentures governing the Company’s senior notes, the Company will be required to make an offer to purchase a portion of its outstanding senior notes with the excess proceeds from such sale unless it applies the net proceeds of such sale to either permanently repay outstanding indebtedness or make specified acquisitions or capital expenditures within 365 days of the sale of Presque Isle Downs.

The interest rate per annum applicable to loans under the Revolving Credit Facility are, at our option, either LIBOR plus a margin ranging from 1.75% to 2.50% or a base rate plus a margin from 0.75% to 1.50%, the margin is based on our total leverage ratio. The interest rate per annum applicable to the loans under the Term Loan Facility is, at our option, either LIBOR plus 2.25%, or a base rate plus 1.25%; provided, however, that in no event will LIBOR be less than zero or the base rate be less than 1.00%. Additionally, the Company pays a commitment fee on the unused portion of the Revolving Credit Facility of 0.50% per annum. At June 30, 2019, the weighted average interest rate on the Term Loan was 4.69%.

Senior Notes

6% Senior Notes due 2026

On September 20, 2018, Delta Merger Sub, Inc. (“Escrow Issuer”), a Delaware corporation and a wholly-owned subsidiary of the Company, issued \$600 million aggregate principal amount of 6.0% senior notes due 2026 (the “6% Senior Notes due 2026”) pursuant to an indenture, dated as of September 20, 2018 (the “2026 Indenture”), between Escrow Issuer and U.S. Bank, National Association, as Trustee. Interest on the 6% Senior Notes due 2026 will be paid every semi-annually in arrears on March 15 and September 15.

The 6% Senior Notes due 2026 were general unsecured obligations of Escrow Issuer’s upon issuance and, upon the assumption of such obligations by the Company and the subsidiary guarantors (the “Guarantors”) upon consummation of the Tropicana Acquisition, became general unsecured obligations of the Company and the Guarantors, ranking senior in right of payment to all of the Company’s existing and future debt that is expressly subordinated in right of payment to the 6% Senior Notes due 2026 and the guarantees, ranking equally in right of payment with all of the applicable obligor’s existing and future senior liabilities, including the obligations under the Company’s existing 7% Senior Notes due 2023 and 6% Senior Notes due 2025, and are effectively subordinated to all of the applicable obligor’s existing and future secured debt, including indebtedness under the Company’s Term Loan and Revolving Credit Facility and the Lumière Note (as defined in the 2026 Indenture), in each case, to the extent of the value of the collateral securing such debt. In addition, the 6% Senior Notes due 2026 and the related guarantees are structurally subordinated to all existing and future indebtedness and other liabilities of the Company’s subsidiaries and other entities in which the Company has an equity interest that do not guarantee the 6% Senior Notes due 2026 (other than indebtedness and liabilities owed to the Company or the Guarantors).

6% Senior Notes due 2025

On March 29, 2017, the Company issued at par \$375.0 million aggregate principal amount of 6.0% senior notes due 2025 (the “6% Senior Notes due 2025”) pursuant to an indenture, dated as of March 29, 2017 (the “2025 Indenture”), between Eagle II and U.S. Bank, National Association, as Trustee. The 6% Senior Notes due 2025 will mature on April 1, 2025, with interest payable semi-annually in arrears on April 1 and October 1. In connection with the consummation of the Isle Acquisition on May 1, 2017, the Company assumed Eagle II’s obligations under the 6% Senior Notes due 2025 and the 2025 Indenture and certain of the Company’s subsidiaries (including Isle and certain of its subsidiaries) executed guarantees of the Company’s obligations under the 6% Senior Notes due 2025.

On September 13, 2017, the Company issued an additional \$500.0 million principal amount of its 6% Senior Notes due 2025 at an issue price equal to 105.5% of the principal amount of the 6% Senior Notes due 2025. The additional notes were issued pursuant to the 2025 Indenture that governs the 6% Senior Notes due 2025. The Company used the proceeds of the offering to repay \$78.0 million of outstanding borrowings under the previous revolving credit facility and used the remainder to repay \$444.5 million outstanding borrowings under the previous term loan facility and related accrued interest.

7% Senior Notes due 2023

On July 23, 2015, the Company issued at par \$375.0 million in aggregate principal amount of 7.0% senior notes due 2023 (“7% Senior Notes due 2023”) pursuant to an indenture, dated as of July 23, 2015 (the “2023 Indenture”), between the Company and U.S. Bank, National Association, as Trustee. The 7% Senior Notes due 2023 will mature on August 1, 2023, with interest payable semi-annually in arrears on February 1 and August 1 of each year.

Lumière Loan

We borrowed \$246 million from GLPI to fund the purchase price of the real estate underlying Lumière. The Lumière Loan bears interest at a rate equal to (i) 9.09% until October 1, 2019 and (ii) 9.27% until October 1, 2020, and matures on October 1, 2020. The Lumière Loan is secured by a first priority mortgage on the Lumière real property until October 1, 2019. In connection with the issuance of the Lumière Loan, we agreed to use our commercially reasonable efforts to transfer one or more of the Grand Victoria Casino, Isle Casino Bettendorf, Isle Casino Hotel Waterloo, Isle of Capri Lula, Lady Luck Casino Vicksburg and Mountaineer Casino, Racetrack and Resort or such other property or properties mutually acceptable to us and GLPI, provided that the aggregate value of such property, individually or collectively, is at least \$246 million (the “Replacement Property”), to GLPI with a simultaneous leaseback to us of such Replacement Property. In connection with such Replacement Property sale, (i) we and GLPI will enter into an amendment to the Master Lease to revise the economic terms to include the Replacement Property, (ii) GLPI, or one of its affiliates, will assume the Lumière Loan and Tropicana St. Louis RE’s obligations under the Lumière Loan in consideration of the acquisition of the Replacement Property and our obligations under the Lumière Loan will be deemed to have been satisfied, (iii) the Lumière Real Property will be released from the lien placed on it in connection with the Lumière Loan (if such lien has not yet been released in accordance with the terms of the Lumière Loan) and (iv) in the event the value of the Replacement Property is greater than the our outstanding obligations under the Lumière Loan, GLPI will pay us the difference between the value of the Replacement Property and the amount of outstanding obligations under the Lumière Loan. If such Replacement Property transaction is not consummated prior to the maturity date of the Lumière Loan, other than as a result of certain failures to perform by GLPI, then the amounts outstanding will be paid in full and the rent under the Master Lease will automatically increase, subject to certain escalations.

Debt Covenant Compliance

As of June 30, 2019, we were in compliance with all of the covenants under the 7% Senior Notes due 2023, 6% Senior Notes due 2025, 6% Senior Notes due 2026, the Credit Facility and the Lumière Loan.

Note 12. Fair Value Measurements

Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Accordingly, fair value is a market based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, there is a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair values as follows:

- *Level 1 Inputs:* Quoted market prices in active markets for identical assets or liabilities.
- *Level 2 Inputs:* Observable market-based inputs or unobservable inputs that are corroborated by market data.
- *Level 3 Inputs:* Unobservable inputs that are not corroborated by market data.

The following methods and assumptions are used to estimate the fair value of each class of financial instruments for which it is practical to estimate fair value:

Cash and Cash Equivalents: Cash equivalents include cash held in money market funds and investments that can be redeemed immediately at the current net asset value per share. A money market fund is a mutual fund whose investments are primarily in short-term debt securities designed to maximize current income with liquidity and capital preservation, usually maintaining per share net asset value at a constant amount, such as one dollar. Cash and cash equivalents also include cash maintained for gaming operations. The carrying amounts approximate the fair value because of the short maturity of those instruments (Level 1).

Restricted Cash and Investments and Other Liabilities related to Restricted Investments: The estimated fair values of our restricted cash and investments are based upon quoted prices available in active markets (Level 1), or quoted prices for similar assets in active and inactive markets (Level 2), or quoted prices available in active markets adjusted for time restrictions related to the sale of the investment (Level 3) and represent the amounts we would expect to receive if we sold our restricted cash and investments.

Marketable Securities: Marketable securities consist primarily of trading securities held the Company's captive insurance subsidiary. The estimated fair values of the Company's marketable securities are determined on an individual asset basis based upon quoted prices of identical assets available in active markets (Level 1), quoted prices of identical assets in inactive markets, or quoted prices for similar assets in active and inactive markets (Level 2), and represent the amounts we would expect to receive if we sold these marketable securities.

Long-term Debt: The fair value of our long-term debt or other long-term obligations is estimated based on the quoted market price of the underlying debt issue (Level 1) or, when a quoted market price is not available, the discounted cash flow of future payments utilizing current rates available to us for the debt of similar remaining maturities (Level 2). Debt obligations with a short remaining maturity have a carrying amount that approximates fair value.

Acquisition-Related Contingent Considerations: Contingent consideration related to the July 2003 acquisition of Scioto Downs represents the estimate of amounts to be paid to former stockholders of Scioto Downs under certain earn-out provisions. Acquisition related contingent considerations of \$0.5 million is included in accrued other liabilities on the Consolidated Balance Sheets as of June 30, 2019 and December 31, 2018.

Items Measured at Fair Value on a Recurring Basis: The following table sets forth the assets measured at fair value on a recurring basis, by input level, in the Consolidated Balance Sheets at June 30, 2019 and December 31, 2018 (amounts in thousands):

Assets:	June 30, 2019			
	Level 1	Level 2	Level 3	Total
Restricted cash and investments	\$ 14,436	\$ 2,247	\$ 40,435	\$ 57,118
Marketable securities	14,529	8,150	—	22,679
Liabilities:				
Other liabilities related to restricted investments	—	—	8,730	8,730

Assets:	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Restricted cash and investments	\$ 19,481	\$ 4,467	\$ 16,008	\$ 39,956
Marketable securities	9,515	7,442	—	16,957

The change in restricted cash and investments valued using Level 3 inputs for the six months ended June 30, 2019 is as follows:

	Level 3 Investments	Level 3 Other Liabilities
Fair value of investment and liabilities at December 31, 2018	\$ 16,008	\$ —
Value of additional investment received	27,329	8,774
Unrealized gain (loss)	(2,902)	(44)
Fair value at June 30, 2019	\$ 40,435	\$ 8,730

In November 2018, we entered into a 20-year agreement with TSG pursuant to which we agreed to provide TSG with options to obtain access to our second skin for online sports wagering and third skin for real money online gaming and poker, in each case with respect to our properties in the United States. Under the terms of the agreement, we will receive a revenue share from the operation of the applicable verticals by TSG under our licenses. Pursuant to the terms of the TSG agreement, we received 1.1 million TSG common shares, and we will receive an additional \$5.0 million in TSG common shares upon the exercise of the first option by TSG. TSG has notified us that they intend to exercise their option with respect to licenses in West Virginia and Indiana. We may also receive additional TSG common shares in the future based on TSG net gaming revenue generated in our markets. The initial 1.1 million shares are subject to a restriction on transfer and may not be sold until November 2019.

At June 30, 2019, the fair value of the Company's shares of TSG totaled \$17.5 million and is included in restricted cash and investments on the Consolidated Balance Sheets. Upon entry into the TSG agreement, the Company also recorded deferred revenue associated with the shares received and recognized revenue of \$0.3 million and \$0.6 million during the three and six months ended June 30, 2019, respectively. As of June 30, 2019, the balance of the TSG deferred revenue totaled \$17.9 million and is recorded in other long-term liabilities on the Consolidated Balance Sheets. As part of the agreement with William Hill (see Note 7), the Company is obligated to pay William Hill US 50% of the proceeds received from selling the TSG shares. At June 30, 2019, the estimated obligation was \$8.7 million and is included in accrued other liabilities on the Consolidated Balance Sheets.

There were no transfers between Level 1 and Level 2 investments.

The estimated fair values of the Company's financial instruments are as follows (amounts in thousands):

	June 30, 2019		December 31, 2018	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial liabilities:				
7% Senior Notes due 2023	\$ 369,491	\$ 392,344	\$ 368,925	\$ 385,312
6% Senior Notes due 2025	879,682	923,125	880,086	840,000
6% Senior Notes due 2026	581,024	654,750	580,370	567,000
Term Loan	939,802	954,358	938,324	916,088
Revolving Credit Facility	—	—	245,000	245,000
Lumière Loan	246,000	246,000	246,000	246,000
Other long-term debt	2,785	2,785	3,030	3,030

Note 13. Earnings per Share

The following table illustrates the reconciliation of the numerators and denominators of the basic and diluted net income per share computations for the three and six months ended June 30, 2019 and 2018 (dollars in thousands, except per share amounts):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2019	2018	2019	2018
Net income available to common stockholders	\$ 18,936	\$ 36,796	\$ 57,165	\$ 57,651
Shares outstanding:				
Weighted average shares outstanding – basic	77,682,759	77,458,584	77,625,303	77,406,447
Effect of dilutive securities:				
Stock options	107,388	131,148	105,885	142,027
RSUs	935,142	668,897	926,364	621,155
Weighted average shares outstanding – diluted	78,725,289	78,258,629	78,657,552	78,169,629
Net income per common share attributable to common stockholders – basic:	\$ 0.24	\$ 0.48	\$ 0.74	\$ 0.74
Net income per common share attributable to common stockholders – diluted:	\$ 0.24	\$ 0.47	\$ 0.73	\$ 0.74

Note 14. Commitments and Contingencies

Litigation. The Company is a party to various legal and administrative proceedings, which have arisen in the normal course of its business. Estimated losses are accrued for these proceedings when the loss is probable and can be estimated. The current liability for the estimated losses associated with these proceedings is not material to the Company's consolidated financial condition and those estimated losses are not expected to have a material impact on its results of operations. In addition, the Company maintains what it believes is adequate insurance coverage to further mitigate the risks of such proceedings. However, such proceedings can be costly, time consuming and unpredictable and, therefore, no assurance can be given that the final outcome of such proceedings may not materially impact the Company's consolidated financial condition or results of operations. Further, no assurance can be given that the Company's existing insurance coverage will be sufficient to cover losses, if any, arising from such proceedings.

Agreements with Horsemen and Pari-mutuel Clerks. The Federal Interstate Horse Racing Act and the state racing laws in West Virginia and Ohio require that, in order to simulcast races, we have written agreements with the horse owners and trainers at those racetracks. In addition, in order to operate slot machines in West Virginia, we are required to enter into written agreements regarding the proceeds of the slot machines (a "proceeds agreement") with a representative of a majority of the horse owners and trainers and with a representative of a majority of the pari-mutuel clerks. We are required to have a proceeds agreement in effect on July 1 of each year with the horsemen and the pari-mutuel clerks as a condition to renewal of our video lottery license for such year. If the requisite proceeds agreement is not in place as of July 1 of a particular year, Mountaineer's application for renewal of its video lottery license could be denied, in which case Mountaineer would not be permitted to operate either its slot machines or table games. In Ohio, we must have an agreement with the representative of the horse owners. We currently have all the requisite agreements in place referenced in this sub section at Mountaineer and Scioto Downs. Certain agreements referenced above may be terminated upon written notice by either party.

Note 15. Related Affiliates

REI

As of June 30, 2019, Recreational Enterprises, Inc. ("REI") owned approximately 14.4% of outstanding common stock of the Company. The directors of REI are Company's Executive Chairman of the Board, Gary L. Carano, its Chief Executive Officer and Board member, Thomas R. Reeg, and its former Senior Vice President of Regional Operations, Gene Carano. In addition, Gary L. Carano also serves as the Vice President of REI and Gene Carano also serves as the Secretary and Treasurer of REI. Members of the Carano family, including Gary L. Carano and Gene Carano, own the equity interests in REI. As such, the Carano family has the ability to significantly influence the affairs of the Company. During the three and six months ended June 30, 2019 and 2018, there were no related party transactions between the Company and the Carano family other than compensation, including salary and equity incentives, and the CSY Lease listed below.

C. S. & Y. Associates

The Company owns the entire parcel on which Eldorado Reno is located, except for approximately 30,000 square feet which is leased from C. S. & Y. Associates which is an entity partially owned by REI (the "CSY Lease"). The CSY Lease expires on June 30, 2057. Rent pursuant to the CSY Lease is \$0.6 million annually and paid quarterly during the year. As of June 30, 2019 and December 31, 2018 there were no amounts due to or from C.S. & Y. Associates.

Note 16. Segment Information

The executive decision maker of our Company reviews operating results, assesses performance and makes decisions on a “significant market” basis. Management views each of our casinos as an operating segment. Operating segments are aggregated based on their similar economic characteristics, types of customers, types of services and products provided, and their management and reporting structure. Prior to the Elgin and Tropicana acquisitions, the Company’s principal operating activities occurred in four geographic regions and reportable segments. As referenced in Note 1, following the Elgin and Tropicana acquisitions a fifth segment, Central, was added in the third quarter of 2018. The reportable segments are based on the similar characteristics of the operating segments within the regions in which they operate. These segments are summarized as follows:

Segment	Property	Date Acquired	State
West	Eldorado Reno	(a)	Nevada
	Silver Legacy	(a)	Nevada
	Circus Reno	(a)	Nevada
	MontBleu	October 1, 2018	Nevada
	Laughlin	October 1, 2018	Nevada
	Isle Black Hawk	May 1, 2017	Colorado
	Lady Luck Black Hawk	May 1, 2017	Colorado
Midwest	Waterloo	May 1, 2017	Iowa
	Bettendorf	May 1, 2017	Iowa
	Boonville	May 1, 2017	Missouri
	Cape Girardeau	May 1, 2017 (c)	Missouri
	Caruthersville	May 1, 2017 (c)	Missouri
	Kansas City	May 1, 2017 (c)	Missouri
South	Pompano	May 1, 2017	Florida
	Eldorado Shreveport	(a)	Louisiana
	Lake Charles	May 1, 2017	Louisiana
	Baton Rouge	October 1, 2018	Louisiana
	Lula	May 1, 2017	Mississippi
	Vicksburg	May 1, 2017 (c)	Mississippi
	Greenville	October 1, 2018	Mississippi
East	Presque Isle Downs	(a) (b)	Pennsylvania
	Nemacolin	May 1, 2017 (b)	Pennsylvania
	Scioto Downs	(a)	Ohio
	Mountaineer	(a) (c)	West Virginia
	Trop AC	October 1, 2018	New Jersey
Central	Elgin	August 7, 2018	Illinois
	Lumière	October 1, 2018	Missouri
	Evansville	October 1, 2018	Indiana

(a) Property was aggregated into segment prior to January 1, 2016.

(b) Presque Isle Downs was sold on January 11, 2019 and Nemacolin was sold on March 8, 2019.

(c) Property currently pending sale (see Note 5 and Note 18).

The following table sets forth, for the periods indicated, certain operating data for our five reportable segments.

Note 18. Pending Acquisitions and Divestitures

Caesars Entertainment Corporation

On June 24, 2019, the Company entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Caesars Entertainment Corporation (“Caesars”) pursuant to which a wholly-owned subsidiary of the Company will merge with and into Caesars, with Caesars surviving as a wholly-owned subsidiary of the Company (the “Merger”). Based on the terms and subject to the conditions set forth in the Merger Agreement, the aggregate consideration payable by the Company in respect of outstanding shares of common stock of Caesars will be (a) an amount of cash equal to (i) the sum of (A) \$8.40 plus (B) if applicable closing conditions set forth in the Merger Agreement are not satisfied by March 25, 2020, an amount equal to \$0.003333 for each day (subject to certain exceptions described in the Merger Agreement) from March 25, 2020 until the closing date of the Merger, multiplied by (ii) the number of shares of Caesars common stock outstanding at the effective time of the Merger and (b) a number of shares of common stock of Eldorado equal to 0.0899 multiplied by the number of shares of Caesars common stock outstanding at the effective time of the Merger (such amount per share of Caesars common stock, the “Merger Consideration”). Following the consummation of the Merger, Eldorado and former Caesars stockholders will hold approximately 51% and 49%, respectively, of the combined company’s outstanding shares of common stock.

The Merger Agreement contains customary representations and warranties by each of Caesars and Eldorado, and each party has agreed to customary covenants.

The Merger Agreement also contains termination rights for each of Caesars and Eldorado under certain circumstances. If the Merger Agreement is terminated in certain circumstances relating to changes in the recommendation of the board of directors of Caesars in favor of the Merger, entry by Caesars into an alternative transaction or in certain circumstances following the failure of Caesars stockholders to approve the Merger, Caesars will be required to pay Eldorado a termination fee of approximately \$418.4 million. If the Merger Agreement is terminated in certain circumstances relating to changes in the recommendation of the board of directors of Eldorado in favor of the issuance of shares of Eldorado common stock in the Merger or in certain circumstances following the failure of Eldorado stockholders to approve such issuance, then Eldorado will be required to pay Caesars a termination fee of approximately \$154.9 million. In addition, each party will be obligated to reimburse the other party's expenses for an amount not to exceed \$50.0 million if the Merger Agreement is terminated because of the failure to obtain the required approval of such party's stockholders (creditable against any termination fee that may subsequently be paid by such party). The Merger Agreement also provides that Eldorado will be obligated to pay a termination fee of approximately \$836.8 million to Caesars if the Merger Agreement is terminated (i) due to a law or order relating to gaming or antitrust laws that prohibits or permanently enjoins the consummation of the transactions, (ii) because the required regulatory approvals were not obtained prior to June 24, 2020 (subject to extension to a date no later than December 24, 2020 pursuant to the Merger Agreement) or (iii) due to Eldorado willfully and materially breaching certain obligations with respect to the actions required to be taken by Eldorado to obtain required antitrust approvals.

Consummation of the Merger is subject to the satisfaction or waiver of certain conditions, including, among others, (1) the expiration or termination of any applicable waiting period under the HSR Act, and receipt of required gaming approvals, (2) the absence of any governmental order or law prohibiting the consummation of the Merger, (3) adoption of the Merger Agreement by holders of a majority of the outstanding shares of Caesars common stock, (4) the approval of the issuance of shares of Eldorado common stock in the Merger, (5) the effectiveness of the registration statement for Eldorado common stock to be issued in the Merger and the authorization for listing of those shares on the Nasdaq Stock Market, (6) absence of a material adverse effect on the other party, (7) the accuracy of the other party's representations and warranties, subject to customary materiality standards, (8) compliance of the other party with its respective covenants under the Merger Agreement in all material respects and (9) conversion or certain amendments of, or another mutually agreed arrangement with respect to, Caesars' 5.00% convertible senior notes due 2024.

In connection with the execution of the Merger Agreement, on June 24, 2019, the Company entered into a debt financing commitment letter pursuant to which the lenders party thereto have committed to arrange and provide (i) the Company with: (w) a \$1,000.0 million senior secured revolving credit facility, (x) a \$3,000.0 million senior secured term loan B facility, (y) a \$3,600.0 million senior secured 364-day bridge facility and (z) a \$1,800.0 million senior unsecured bridge loan facility and (ii) a subsidiary of Caesars with a \$2,400.0 million senior secured incremental term loan B facility (collectively, the "Debt Financing"). The proceeds of the Debt Financing will be used (a) to pay all or a portion of the cash consideration payable in the Merger, (b) to refinance all of the Company's existing syndicated bank credit facilities and outstanding senior notes, (c) to refinance certain of Caesars' and its subsidiaries' existing debt, (d) to pay transaction fees and expenses related to the Merger and related transactions and (e) for working capital and general corporate purposes. The availability of the borrowings under the Debt Financing is subject to the satisfaction of certain customary conditions including the substantially concurrent closing of the Merger.

In connection with the execution of the Merger Agreement, on June 24, 2019, the Company entered into a Master Transaction Agreement (the "MTA") with VICI Properties L.P., a Delaware limited partnership ("VICI"), pursuant to which, among other things, the Company has agreed, subject to the consummation of the Merger and the other applicable conditions set forth therein and in any related documents, (i) through one or more of its subsidiaries (after giving effect to the Merger) to consummate one or more sale and leaseback transactions with VICI and/or its affiliates with respect to certain property described in the MTA, including Harrah's New Orleans, Harrah's Laughlin and Harrah's Atlantic City (or, under certain circumstances, if necessary, certain replacement properties specified in the MTA), (ii) through one or more of its subsidiaries (after giving effect to the Merger) to amend the CPLV Lease, the Non-CPLV Lease and the Joliet Lease (each as defined in the MTA) in accordance with the terms of the MTA and receive certain consideration from VICI or its affiliates in respect thereof, (iii) to provide a guaranty in respect of each of the CPLV Lease, the Non-CPLV Lease and the Joliet Lease in accordance with the terms of the MTA, (iv) to enter into (or cause its applicable subsidiaries (after giving effect to the Merger) to enter into) certain right of first refusal agreements and a put-call right agreement in accordance with the terms of the MTA and (v) to undertake certain related transactions in connection with or related to the foregoing. The Company expects to apply the proceeds of the VICI transactions to pay a portion of the cash consideration payable in the Merger and transaction expenses associated with the Merger and related transactions.

The Company expects that the Merger and related transactions will be consummated in the first half of 2020.

Twin River Worldwide Holdings, Inc.

On July 10, 2019, we entered into definitive agreements to sell the equity interests of Rainbow Casino Vicksburg Partnership, L.P. and IOC-Kansas City, L.L.C., the entities that hold Isle of Capri Casino Kansas City and Lady Luck Casino Vicksburg, to Twin River Worldwide Holdings, Inc. for cash consideration of approximately \$230 million, subject to a working capital adjustment.

The definitive agreement provides that the consummation of the sale is subject to satisfaction of customary conditions, including receipt of required regulatory approvals. The transaction is expected to close in early 2020.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

You should read the following discussion together with the financial statements, including the related notes and the other financial information, contained in this Quarterly Report on Form 10-Q.

Eldorado Resorts, Inc., a Nevada corporation, is referred to as the “Company,” “ERI,” or the “Registrant,” and together with its subsidiaries may also be referred to as “we,” “us” or “our.”

Overview

We are a geographically diversified gaming and hospitality company with 26 gaming facilities in 12 states as of June 30, 2019. Our properties, which are located in Ohio, Louisiana, Nevada, New Jersey, West Virginia, Colorado, Florida, Iowa, Mississippi, Illinois, Indiana and Missouri, feature approximately 26,700 slot machines and video lottery terminals (“VLTs”), approximately 750 table games and approximately 12,700 hotel rooms. Our primary source of revenue is generated by gaming operations, and we utilize our hotels, restaurants, bars, entertainment, racing, retail shops and other services to attract customers to our properties.

We were founded in 1973 by the Carano family with the opening of the Eldorado Hotel Casino in Reno, Nevada. In 1993, we partnered with MGM Resorts International to build Silver Legacy Resort Casino, the first mega-themed resort in Reno. In 2005, we acquired our first property outside of Reno when we purchased a casino in Shreveport, Louisiana, now known as Eldorado Shreveport. In September 2014, we merged with MTR Gaming Group, Inc. and acquired its three gaming and racing facilities in Ohio, Pennsylvania and West Virginia. The following year, in November 2015, we acquired Circus Circus Reno and the 50% membership interest in the Silver Legacy that was owned by MGM Resorts International. On May 1, 2017, we completed our acquisition of Isle of Capri Casinos, Inc. (“Isle” or “Isle of Capri”), adding 13 gaming properties to our portfolio. On August 7, 2018, we acquired the Elgin Riverboat Resort – Riverboat Casino d/b/a Grand Victoria Casino (“Elgin”) (the “Elgin Acquisition”). On October 1, 2018, we completed our acquisition of Tropicana Entertainment, Inc. (“Tropicana”), and added seven properties to our portfolio (the “Tropicana Acquisition”). On January 11, 2019 and March 8, 2019, respectively, we closed on our sales of Presque Isle Downs & Casino and Lady Luck Casino Nemaquin, which are both located in Pennsylvania.

As of June 30, 2019, we owned and operated the following properties:

- Eldorado Resort Casino Reno (“Eldorado Reno”)—A 814-room hotel, casino and entertainment facility connected via an enclosed skywalk to Silver Legacy and Circus Reno located in downtown Reno, Nevada that includes 1,008 slot machines, 36 table games and a race and sportsbook;
- Silver Legacy Resort Casino (“Silver Legacy”)—A 1,685-room themed hotel and casino connected via an enclosed skywalk to Eldorado Reno and Circus Reno that includes 984 slot machines, 48 table games, a 13-table poker room and a race and sportsbook;
- Circus Circus Reno (“Circus Reno”)—A 1,571-room hotel-casino and entertainment complex connected via an enclosed skywalk to Eldorado Reno and Silver Legacy that includes 567 slot machines and a race and sportsbook;
- Eldorado Resort Casino Shreveport (“Eldorado Shreveport”)—A 403-room, all suite art deco-style hotel and tri-level riverboat dockside casino situated on the Red River in Shreveport, Louisiana that includes 1,406 slot machines, 46 table games and an eight-table poker room;
- Mountaineer Casino, Racetrack & Resort (“Mountaineer”)—A 357-room hotel, casino, entertainment and live thoroughbred horse racing facility located on the Ohio River at the northern tip of West Virginia’s northwestern panhandle that includes 1,362 slot machines, 32 table games, a 10-table poker room and a race and sportsbook;
- Eldorado Gaming Scioto Downs (“Scioto Downs”)—A modern “racino” on an approximately 208-acre site offering 2,194 VLTs, harness racing and a 118-room third party hotel connected to Scioto Downs located 15 minutes from downtown Columbus, Ohio.
- Isle Casino Hotel—Black Hawk (“Isle Black Hawk”)—A land-based casino on an approximately 10-acre site in Black Hawk, Colorado that includes 928 slot machines, 20 table games, a 10-table poker room and a 240-room hotel;
- Lady Luck Casino—Black Hawk (“Lady Luck Black Hawk”)—A land-based casino across the intersection from Isle Casino Hotel in Black Hawk Colorado, that includes 430 slot machines, seven table games and a 164-room hotel with a parking structure connecting Isle Black Hawk and Lady Luck Black Hawk;

- Isle Casino Racing Pompano Park (“Pompano”)—A casino and harness racing track on an approximately 223-acre owned site in Pompano Beach, Florida that includes 1,454 slot machines and a 41-table poker room;
- Isle Casino Bettendorf (“Bettendorf”)—A land-based single-level casino located off Interstate 74 in Bettendorf, Iowa that includes 972 slot machines and 14 table games with 509 hotel rooms;
- Isle Casino Waterloo (“Waterloo”)—A single-level land-based casino in Waterloo, Iowa that includes 917 slot machines, 23 table games, and a 194-room hotel;
- Isle of Capri Casino Hotel Lake Charles (“Lake Charles”)—A gaming vessel on an approximately 19-acre site in Lake Charles, Louisiana, with 1,160 slot machines, 34 table games, 11 poker tables, and two hotels offering 493 rooms;
- Isle of Capri Casino Lula (“Lula”)—Two dockside casinos in Lula, Mississippi with 869 slot machines and 17 table games, two on-site hotels with a total of 486 rooms and a 28-space RV Park;
- Lady Luck Casino Vicksburg (“Vicksburg”)—A dockside casino in Vicksburg, Mississippi that includes 599 slot machines and a hotel with a total of 89 rooms;
- Isle of Capri Casino Boonville (“Boonville”)—A single-level dockside casino in Boonville, Missouri that includes 872 slot machines, 20 table games and a 140-room hotel;
- Isle Casino Cape Girardeau (“Cape Girardeau”)—A dockside casino and pavilion and entertainment center in Cape Girardeau, Missouri that includes 851 slot machines, 20 table games and four poker tables;
- Lady Luck Casino Caruthersville (“Caruthersville”)—A riverboat casino located along the Mississippi River in Caruthersville, Missouri that includes 513 slot machines and nine table games;
- Isle of Capri Casino Kansas City (“Kansas City”)—A dockside casino located close to downtown Kansas City, Missouri offering 935 slot machines and 13 table games;
- Tropicana Casino and Resort, Atlantic City (“Trop AC”)—A casino and resort situated on approximately 15 acres with approximately 660 feet of ocean frontage in Atlantic City, New Jersey that includes 2,323 slot machines, 107 table games, 18 poker tables, a race and sportsbook and 2,364 hotel rooms;
- Tropicana Evansville (“Evansville”)—A casino hotel and entertainment complex in Evansville, Indiana featuring 1,118 slot machines, 35 table games, six poker tables and two on-site hotels with a total of 338 rooms;
- Lumière Place Casino (“Lumière”)—A casino located on approximately 20 acres, located in historic downtown St. Louis, Missouri near business and entertainment districts that overlooks the Mississippi River with 1,385 slot machines, 46 table games, 10 poker tables and 494 hotel rooms (including a 200-room Four Season Hotel);
- Tropicana Laughlin Hotel and Casino (“Laughlin”)—A casino in Laughlin, Nevada that includes 917 slot machines, 13 table games, a race and sportsbook and 1,487 hotel rooms;
- MontBleu Casino Resort & Spa (“MontBleu”)—A casino situated on approximately 21 acres in South Lake Tahoe, Nevada surrounded by the Sierra Nevada Mountains featuring 425 slot machines, 17 table games, a race and sportsbook and 438 hotel rooms;
- Trop Casino Greenville (“Greenville”)—A landside gaming facility located in Greenville, Mississippi with 600 slot machines, four table games and 40 hotel rooms;
- Belle of Baton Rouge Casino & Hotel (“Baton Rouge”)—A dockside riverboat situated on approximately 23 acres on the Mississippi River in the downtown historic district of Baton Rouge featuring 773 slot machines, 14 table games and 288 hotel rooms; and
- Grand Victoria Casino (“Elgin”)—A casino located in Elgin, Illinois featuring 1,088 slot machines and 30 table games.

Acquisitions and Development Opportunities

Caesars Entertainment

On June 24, 2019, we entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Caesars Entertainment Corporation (“Caesars”) pursuant to which a wholly-owned subsidiary of the Company will merge with and into Caesars, with Caesars surviving as a wholly-owned subsidiary of the Company (the “Merger”). On the terms and subject to the conditions set forth in the Merger Agreement, the aggregate consideration paid by the Company in respect of outstanding shares of common stock of Caesars will be (a) an amount of cash equal to (i) the sum of (A) \$8.40 plus (B) if the applicable closing conditions set forth in the Merger Agreement are not satisfied by March 25, 2020, an amount equal to \$0.003333 for each day (subject to certain exceptions described in the Merger Agreement) from March 25, 2020 until the closing date of the Merger, multiplied by (ii) the number of shares of Caesars common stock outstanding at the effective time of the Merger and (b) a number of shares of ERI common stock equal to 0.0899 multiplied by the number of shares of Caesars common stock outstanding at the effective time of the Merger (such amount per share of Caesars common stock, the “Merger Consideration”). Following the consummation of the Merger, Eldorado stockholders and former Caesars stockholders will hold approximately 51% and 49%, respectively, of the combined company's outstanding shares of common stock.

The Merger Agreement contains customary representations and warranties by each of Caesars and Eldorado, and each party has agreed to customary covenants.

The Merger Agreement also contains termination rights for each of Caesars and Eldorado under certain circumstances. If the Merger Agreement is terminated in certain circumstances relating to changes in the recommendation of the board of directors of Caesars in favor of the Merger, entry by Caesars into an alternative transaction or in certain circumstances following the failure of Caesars stockholders to approve the Merger, Caesars will be required to pay Eldorado a termination fee of approximately \$418.4 million. If the Merger Agreement is terminated in certain circumstances relating to changes in the recommendation of the board of directors of Eldorado in favor of the issuance of shares of Eldorado common stock in the Merger or in certain circumstances following the failure of Eldorado stockholders to approve such issuance, then Eldorado will be required to pay Caesars a termination fee of approximately \$154.9 million. In addition, each party will be obligated to reimburse the other party's expenses for an amount not to exceed \$50.0 million if the Merger Agreement is terminated because of the failure to obtain the required approval of such party's stockholders (creditable against any termination fee that may subsequently be paid by such party). The Merger Agreement also provides that Eldorado will be obligated to pay a termination fee of approximately \$836.8 million to Caesars if the Merger Agreement is terminated (i) due to a law or order relating to gaming or antitrust laws that prohibits or permanently enjoins the consummation of the transactions, (ii) because the required regulatory approvals were not obtained prior to June 24, 2020 (subject to extension to a date no later than December 24, 2020 pursuant to the Merger Agreement) or (iii) due to Eldorado willfully and materially breaching certain obligations with respect to the actions required to be taken by Eldorado to obtain required antitrust approvals.

Consummation of the Merger is subject to the satisfaction or waiver of certain conditions, including, among others, (1) the expiration or termination of any applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the “HSR Act”), and receipt of required gaming approvals, (2) the absence of any governmental order or law prohibiting the consummation of the Merger, (3) adoption of the Merger Agreement by holders of a majority of the outstanding shares of Caesars common stock, (4) the approval of the issuance of shares of Eldorado common stock in the Merger, (5) the effectiveness of the registration statement for Eldorado common stock to be issued in the Merger and the authorization for listing of those shares on the Nasdaq Stock Market, (6) absence of a material adverse effect on the other party, (7) the accuracy of the other party's representations and warranties, subject to customary materiality standards, (8) compliance of the other party with its respective covenants under the Merger Agreement in all material respects and (9) conversion or certain amendments of, or another mutually agreed arrangement with respect to, Caesars' 5.00% convertible senior notes due 2024.

In connection with execution of the Merger Agreement, on June 24, 2019, we entered into a debt financing commitment letter (the “Commitment Letter”) pursuant to which the lenders party thereto have committed to arrange and provide (i) us with: (w) a \$1,000.0 million senior secured revolving credit facility, (x) a \$3,000.0 million senior secured term loan B facility, (y) a \$3,600.0 million senior secured 364-day bridge facility and (z) a \$1,800.0 million senior unsecured bridge loan facility and (ii) a subsidiary of Caesars with a \$2,400.0 million senior secured incremental term loan B facility (collectively, the “Debt Financing”). The proceeds of the Debt Financing will be used (a) to pay all or a portion of the cash consideration payable in the Merger, (b) to refinance all of our existing syndicated bank credit facilities and outstanding senior notes, (c) to refinance certain of Caesars' and its subsidiaries' existing debt, (d) to pay transaction fees and expenses related to the Merger and related transactions and (e) for working capital and general corporate purposes. The availability of the borrowings under the Debt Financing is subject to the satisfaction of certain customary conditions including the substantially concurrent closing of the Merger.

In connection with the execution of the Merger Agreement, on June 24, 2019, we entered into a Master Transaction Agreement (the “MTA”) with VICI Properties L.P., a Delaware limited partnership (“VICI”), pursuant to which, among other things, we have agreed, subject to the consummation of the Merger and the other applicable conditions set forth therein and in any related documents, (i) through one or more of its subsidiaries (after giving effect to the Merger) to consummate one or more sale and leaseback transactions with VICI and/or its affiliates with respect to certain property described in the MTA, including Harrah’s New Orleans, Harrah’s Laughlin and Harrah’s Atlantic City, (ii) through one or more of its subsidiaries (after giving effect to the Merger) to amend the CPLV Lease, the Non-CPLV Lease and the Joliet Lease (each as defined in the MTA) in accordance with the terms of the MTA and receive certain consideration from VICI or its affiliates in respect thereof, (iii) to provide a guaranty in respect of each of the CPLV Lease, the Non-CPLV Lease and the Joliet Lease in accordance with the terms of the MTA, (iv) to enter into (or cause our subsidiaries (after giving effect to the Merger) to enter into) certain right of first refusal agreements and a put-call right agreement in accordance with the terms of the MTA and (v) to undertake certain related transactions in connection with or related to the foregoing. We expect to apply the proceeds of the VICI transactions to pay a portion of the cash consideration payable in the Merger and transaction expenses associated with the Merger and related transactions.

We expect that the Merger and related transactions will be consummated in the first half of 2020.

William Hill

In September 2018, we entered into a 25-year agreement, which became effective January 2019, with William Hill PLC and William Hill US, its U.S. subsidiary (together, “William Hill”) pursuant to which we (i) granted to William Hill the right to conduct betting activities in retail channels and under our first skin and third skin for online channels with respect to our current and future properties located in the United States and the territories and possessions of the United States, including Puerto Rico and the U.S. Virgin Islands and (ii) agreed that William Hill will have the right to conduct real money online gaming activities utilizing our second skin available with respect to properties in such territory. Pursuant to the terms of the agreement, we received a 20% ownership interest in William Hill US valued at approximately \$128.9 million as well as 13.4 million ordinary shares of William Hill PLC valued at approximately \$27.3 million upon closing of the transaction in January 2019. The Company’s initial equity and the profit and losses attributable to William Hill US are included in income (loss) from unconsolidated affiliates on the Consolidated Statements of Income. The amortization of deferred revenues associated with the Company’s equity interests totaled \$1.5 million and \$2.6 million for the three and six months ended June 30, 2019, respectively, and is included in other revenues and operating income. Additionally, we receive a profit share from the operations of betting and other gaming activities associated with the Company’s properties, which is included in other revenues and operating income.

The Stars Group

In November 2018, we entered into a 20-year agreement with The Stars Group Inc. (“TSG”) pursuant to which we agreed to provide TSG with options to obtain access to our second skin for online sports wagering and third skin for real money online gaming and poker, in each case with respect to our properties in the United States. Under the terms of the agreement, we will receive a revenue share from the operation of the applicable verticals by TSG under our licenses. Pursuant to the terms of the TSG agreement, we received 1.1 million TSG common shares valued at approximately \$18.6 million and we may receive an additional \$5.0 million in TSG common shares upon the exercise of the first option by TSG. TSG has notified us that they intend to exercise their option with respect to licenses in West Virginia and Indiana. We may also receive additional TSG common shares in the future based on TSG net gaming revenue generated in our markets. Upon the entry into the TSG agreement, the Company also recorded deferred revenue associated with the shares received and recognized revenue of \$0.3 million and \$0.6 million during the three and six months ended June 30, 2019, respectively, which is included in other revenues and operating income.

Tropicana Entertainment Inc.

On October 1, 2018, we acquired Tropicana in a cash transaction valued at \$1.9 billion. At the closing of the transaction Tropicana became a wholly-owned subsidiary of ours. Immediately prior to our acquisition, Tropicana sold Tropicana Aruba Resort and GLP Capital, L.P., a wholly-owned subsidiary of Gaming and Leisure Properties, Inc. (“GLPI”), acquired substantially all of Tropicana’s real estate, other than the real estate underlying MontBleu and Lumière, for approximately \$964 million. We acquired the real estate underlying Lumière for \$246 million with the proceeds of a \$246 million loan from GLPI. We funded the remaining consideration payable with our cash on hand and cash on hand at Tropicana, borrowings under our revolving credit facility and proceeds from our offering of \$600 million of 6.0% senior notes due 2026. In addition, our borrowing capacity on our revolving credit facility increased from \$300 million to \$500 million effective October 1, 2018, and the maturity of the revolving credit facility was extended to October 1, 2023.

Substantially concurrently with the acquisition of the real estate portfolio by GLPI, we entered into a triple net master lease for the Tropicana properties acquired by GLPI with an initial term of 15 years, with renewals of up to 20 years at our option (“Master Lease”). Under the Master Lease, we are required to pay the following, among other things: lease payments to the underlying ground lessor for properties that are subject to ground leases, facility maintenance costs, all insurance premiums for insurance with respect to the leased properties and the business conducted on the leased properties, taxes levied on or with respect to the leased properties (other than taxes on the income of the lessor and all utilities and other services necessary or appropriate for the leased properties and the business conducted on the leased properties). The initial annual rent under the terms of the lease was approximately \$87.6 million and is subject to annual escalation. We do not have the ability to terminate the obligations under the Master Lease prior to its expiration without GLPI’s consent.

In connection with the purchase of the real estate related to Lumière, GLPI, Tropicana St. Louis RE LLC, a wholly-owned subsidiary of ours (“Tropicana St. Louis RE”), and GLPI entered into a loan agreement, dated as of October 1, 2018 (the “Lumière Loan”), relating to a loan of \$246 million by GLPI to Tropicana St. Louis RE to fund the purchase price of the real estate underlying Lumière. The Lumière Loan is guaranteed by us, bears interest at a rate equal to (i) 9.09% until October 1, 2019 and (ii) 9.27% thereafter and matures on October 1, 2020. The Lumière Loan is secured by a first priority mortgage on the Lumière real estate until October 1, 2019. In connection with the issuance of the Lumière Loan, we agreed to use our commercially reasonable efforts to transfer one or more of Elgin, Bettendorf, Waterloo, Lula, Vicksburg and Mountaineer or such other property or properties mutually acceptable to Tropicana St. Louis RE and GLPI, provided that the aggregate value of such property, individually or collectively, is at least \$246 million (the “Replacement Property”), to GLPI with a simultaneous leaseback to us of such Replacement Property. In connection with such Replacement Property sale, (i) we and GLPI will enter into an amendment to the Master Lease to revise the economic terms to include the Replacement Property, (ii) GLPI, or one of its affiliates, will assume the Lumière Loan and Tropicana St. Louis RE’s obligations under the Lumière Loan in consideration of the acquisition of the Replacement Property and our Tropicana St. Louis RE’s obligations under the Lumière Loan will be deemed to have been satisfied, (iii) the Lumière Real Property will be released from the lien placed on it in connection with the Lumière Loan (if such lien has not yet been released in accordance with the terms of the Lumière Loan) and (iv) in the event the value of the Replacement Property is greater than the outstanding obligations of Tropicana St. Louis RE under the Lumière Loan, GLPI will pay Tropicana St. Louis RE the difference between the value of the Replacement Property and the amount of outstanding obligations under the Lumière Loan. If such Replacement Property transaction is not consummated prior to the maturity date of the Lumière Loan, other than as a result of certain failures to perform by GLPI, then the amounts outstanding will be paid in full and the rent under the Master Lease will automatically increase, subject to certain escalations.

Grand Victoria Casino

On August 7, 2018, we completed the acquisition of the Grand Victoria Casino in Elgin, Illinois. We purchased Elgin for \$328.8 million, including a working capital adjustment totaling \$1.3 million. The Elgin Acquisition was financed using cash on hand and borrowings under the Company’s revolving credit facility.

Pompano Joint Venture

In April 2018, we entered into a joint venture with Cordish Companies (“Cordish”) to master plan and develop a mixed-use entertainment and hospitality destination expected to be located on unused land adjacent to the casino and racetrack at our Pompano property. As the managing member, Cordish will operate the business and manage the development, construction, financing, marketing, leasing, maintenance and day-to-day operation of the various phases of the project. Additionally, Cordish will be responsible for the development of the master plan for the project with our input and will submit it for our review and approval. We and Cordish have made cash contributions of \$500,000 each and could be required to make additional contributions to a maximum of \$2.0 million (\$1.0 million per member) at the request of the managing member. We have agreed to contribute approximately 130 to 200 acres of land to the joint venture for the project. While we hold a 50% variable interest in the joint venture, we are not the primary beneficiary; as such the investment in the joint venture is accounted for using the equity method. We participate evenly with Cordish in the profits and losses of the joint venture, which is included in loss from unconsolidated affiliates on the Consolidated Statements of Income.

Divestitures

Twin River Worldwide Holdings, Inc.

On July 10, 2019, we entered into definitive agreements to sell the equity interests of Rainbow Casino Vicksburg Partnership, L.P. and IOC-Kansas City, L.L.C., the entities that hold Isle of Capri Casino Kansas City and Lady Luck Casino Vicksburg, to Twin River Worldwide Holdings, Inc. for cash consideration of approximately \$230 million, subject to a working capital adjustment.

The definitive agreement provides that the consummation of the sale is subject to satisfaction of customary conditions, including receipt of required regulatory approvals. The transaction is expected to close in early 2020.

Century Casinos, Inc.

On June 17, 2019, we entered into definitive agreements to sell the real property relating to Mountaineer, Cape Girardeau, and Caruthersville to VICI Properties Inc. ("VICI") for approximately \$278 million and, immediately following the consummation of the sale such real property, sell all of the outstanding equity interests of Mountaineer Park, Inc., IOC-Caruthersville, LLC and IOC- Cape Girardeau, LLC to Century Casinos, Inc. for approximately \$107 million, subject to a working capital adjustment.

The definitive agreements provide that the consummation of the sales is subject to satisfaction of customary conditions, including receipt of required regulatory approvals. The transaction is expected to close in early 2020.

Churchill Downs Incorporated

On February 28, 2018, we entered into definitive agreements to sell substantially all of the assets and liabilities of Presque Isle Downs and Vicksburg to Churchill Downs Incorporated ("CDI"). Under the terms of the agreements, CDI agreed to purchase Presque Isle Downs for cash consideration of approximately \$178.9 million and Vicksburg for cash consideration of approximately \$50.6 million, in each case subject to a customary working capital adjustment. In conjunction with the classification of Vicksburg's operations as assets held for sale at June 30, 2018 as a result of the announced sale to CDI, an impairment charge totaling \$9.8 million was recorded due to the carrying value exceeding the estimated net sales proceeds.

The definitive agreements provided that the divestitures were subject to receipt of required regulatory approvals, termination of the waiting period under the HSR Act and other customary closing conditions, including, in the case of Presque Isle Downs, the prior closing of the sale of Vicksburg or the entry into an agreement to acquire another asset of ours. On May 7, 2018, we and CDI each received a Request for Additional Information and Documentary Materials, often referred to as a "Second Request," from the Federal Trade Commission in connection with its review of the Vicksburg acquisition.

On July 6, 2018, in consideration of the time and expense needed to reply to the Second Request, the Company and CDI entered into a termination agreement and release pursuant to which the parties agreed to terminate the asset purchase agreement with respect to Vicksburg and to enter into an asset purchase agreement pursuant to which CDI would acquire and assume the rights and obligations to operate Nemacolin (the "Vicksburg Termination Agreement"). The Vicksburg Termination Agreement also provided that CDI would pay us a \$5.0 million termination fee upon execution of a definitive agreement with respect to the Nemacolin transaction. On August 10, 2018, we entered into a definitive agreement to sell substantially all of the assets and liabilities of Nemacolin to CDI. Under the terms of the agreement, CDI agreed to purchase Nemacolin for cash consideration of approximately \$0.1 million, subject to a customary working capital adjustment.

As a result of the agreement to sell Nemacolin, an impairment charge of \$3.8 million was recorded in the third quarter of 2018 due to the carrying value of the net property and equipment being sold exceeding the estimated net sales proceeds.

We closed on the sale of Presque Isle Downs on January 11, 2019 and the sale of Nemacolin on March 8, 2019.

Reportable Segments

The executive decision maker of our company reviews operating results, assesses performance and makes decisions on a “significant market” basis. Our management views each of our properties as an operating segment. Operating segments are aggregated based on their similar economic characteristics, types of customers, types of services and products provided, the regulatory environments in which they operate, and their management and reporting structure. Prior to our acquisition of Isle, our principal operating activities occurred in three geographic regions: Nevada, Louisiana and parts of the eastern United States. Following the Isle Acquisition, the Company’s principal operating activities occurred in four geographic regions and reportable segments: West, Midwest, South and East. Following the Tropicana Acquisition and Elgin Acquisition, an additional segment, Central, was added increasing our reportable segments to five. The five segments are summarized as follows:

Segment	Property	Date Acquired	State
West	Eldorado Reno	(a)	Nevada
	Silver Legacy	(a)	Nevada
	Circus Reno	(a)	Nevada
	MontBleu	October 1, 2018	Nevada
	Laughlin	October 1, 2018	Nevada
	Isle Black Hawk	May 1, 2017	Colorado
	Lady Luck Black Hawk	May 1, 2017	Colorado
Midwest	Waterloo	May 1, 2017	Iowa
	Bettendorf	May 1, 2017	Iowa
	Boonville	May 1, 2017	Missouri
	Cape Girardeau	May 1, 2017 (c)	Missouri
	Caruthersville	May 1, 2017 (c)	Missouri
	Kansas City	May 1, 2017 (c)	Missouri
South	Pompano	May 1, 2017	Florida
	Eldorado Shreveport	(a)	Louisiana
	Lake Charles	May 1, 2017	Louisiana
	Baton Rouge	October 1, 2018	Louisiana
	Lula	May 1, 2017	Mississippi
	Vicksburg	May 1, 2017 (c)	Mississippi
Greenville	October 1, 2018	Mississippi	
East	Presque Isle Downs	(a) (b)	Pennsylvania
	Nemacolin	May 1, 2017 (b)	Pennsylvania
	Scioto Downs	(a)	Ohio
	Mountaineer	(a) (c)	West Virginia
	Trop AC	October 1, 2018	New Jersey
Central	Elgin	August 7, 2018	Illinois
	Lumière	October 1, 2018	Missouri
	Evansville	October 1, 2018	Indiana

- (a) Property was aggregated into segment prior to January 1, 2016.
(b) Presque Isle Downs was sold on January 11, 2019 and Nemacolin was sold on March 8, 2019.
(c) Property currently pending sale (see Note 5 and Note 18).

Presentation of Financial Information

The presentation of information herein for periods prior to our acquisitions of Elgin and Tropicana and after our acquisitions of Elgin and Tropicana are not fully comparable because the results of operations for Elgin and Tropicana are not included for periods prior to August 7, 2018 and October 1, 2018, respectively. Additionally, the Company closed on its sales of Presque Isle Downs and Nemacolin on January 11, 2019 and March 8, 2019, respectively.

Summary financial results of Tropicana for the three and six months ended June 30, 2018 is included in Tropicana's Quarterly Report on Form 10-Q as filed with the SEC. In conjunction with our acquisition of Tropicana, Tropicana was no longer required to file quarterly and annual reports with the SEC and terminated its registration on October 1, 2018.

Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is intended to provide information to assist in better understanding and evaluating our financial condition and results of operations. Our historical operating results may not be indicative of our future results of operations because of these factors and the changing competitive landscape in each of our markets, as well as by factors discussed elsewhere herein. We recommend that you read this MD&A in conjunction with our unaudited consolidated financial statements and the notes to those statements included in this Quarterly Report on Form 10-Q.

Key Performance Metrics

Our primary source of revenue is generated by our gaming operations, but we use our hotels, restaurants, bars, entertainment, retail shops, racing and other services to attract customers to our properties. Our operating results are highly dependent on the volume and quality of customers visiting and staying at our properties. Key performance metrics include volume indicators such as table games drop and slot handle, which refer to amounts wagered by our customers. The amount of volume we retain, which is not fully controllable by us, is recognized as casino revenues and is referred to as our win or hold. In addition, hotel occupancy and price per room designated by average daily rate ("ADR") are key indicators for our hotel business. Our calculation of ADR consists of the average price of occupied rooms per day including the impact of resort fees and complimentary rooms. Complimentary room rates are determined based on an analysis of retail or cash rates for each customer segment and each type of room product to estimate complimentary rates which are consistent with retail rates. Complimentary rates are reviewed at least annually and on an interim basis if there are significant changes in market conditions. Complimentary rooms are treated as occupied rooms in our calculation of hotel occupancy.

Significant Factors Impacting Financial Results

The following summary highlights the significant factors impacting our financial results for the three and six months ended June 30, 2019 and 2018.

- *Elgin Acquisition* – Our results of operations for the three and six months ended June 30, 2019 include incremental revenues and expenses attributable to Elgin. Transaction expenses related to our acquisition of Elgin totaled \$14 thousand and \$0.7 million, respectively, for the three months ended June 30, 2019 and 2018, and \$45 thousand and \$1.3 million for the six months ended June 30, 2019 and 2018.
- *Tropicana Acquisition* – Our results of operations for the three and six months ended June 30, 2019 include incremental revenues and expenses attributable to the seven properties we acquired in our acquisition of Tropicana on October 1, 2018. Transaction expenses related to our acquisition of Tropicana totaled \$1.1 million and \$2.5 million, respectively, for the three months ended June 30, 2019 and 2018, and \$2.5 million and \$3.5 million for the six months ended June 30, 2019 and 2018.
- *Isle Acquisition* – Transaction expenses related to our acquisition of Isle totaled \$0.2 million and \$1.1 million for the three and six months ended June 30, 2018.
- *Master Lease* – We account for the Master Lease entered into effective October 1, 2019 with GLPI as a direct financing obligation. As a result, we recorded minimum lease payments and amortization of the direct financing obligation totaling \$24.6 million and \$49.2 million as interest expense for the three and six months ended June 30, 2019, respectively.
- *Tropicana Financing* – On September 20, 2018 we issued \$600 million aggregate principal amount of 6.0% senior notes due 2026. The proceeds from the notes were used to fund the Tropicana Acquisition which closed on October 1, 2018. We incurred \$9.0 million and \$18.0 million of incremental interest expense associated with the new senior notes for the three and six months ended June 30, 2019, respectively.
- *William Hill and TSG* – The amortization of deferred revenues associated with the William Hill and TSG agreements totaled \$1.8 million and \$3.1 million for the three and six months ended June 30, 2019, respectively, and is included in other revenues and operating income.

- *Divestitures* – The sales of Presque Isle Downs and Nemaquin met the requirements for presentation as assets held for sale under generally accepted accounting principles. However, they did not meet the requirements for presentation as discontinued operations and are included in income from continuing operations for the six months ended June 30, 2019 and 2018 prior to their respective sale closing dates. We closed on the sale of Presque Isle Downs on January 11, 2019 and recorded a gain on sale of approximately \$22.1 million for the six months ended June 30, 2019. We closed on the sale of Nemaquin on March 8, 2019 and recorded a gain on sale of \$0.1 million for the six months ended June 30, 2019.

In conjunction with the classification of Vicksburg’s operations as assets held for sale at June 30, 2018 as a result of the announced sale to CDI, an impairment charge totaling \$9.8 million was recorded due to the carrying value exceeding the estimated net sales proceeds. Effective July 6, 2018, the sale of Vicksburg was terminated, and Vicksburg was no longer presented as an asset held for sale as of July 31, 2018. In connection with this termination, CDI paid us a \$5.0 million termination fee.

The sales of Mountaineer, Cape Girardeau and Caruthersville met the requirements for presentation as assets held for sale under generally accepted accounting principles as of June 30, 2019. However, they did not meet the requirements for presentation as discontinued operations and are included in income from continuing operations.

- *Execution of Synergies and Cost Savings Programs* – We continue to identify areas to improve property level and consolidated margins across our existing and acquired properties through operating and cost efficiencies, including reductions in revenues associated with unprofitable customer play, and exercising financial discipline throughout the company. In addition to cost savings relating to duplicative executive compensation, legal and accounting fees and other corporate expenses that have been eliminated as a result of our acquisitions, we have achieved savings in marketing, food and beverage costs, selling, general and administrative expenses, and other operating departments as a result of operating efficiencies, changes in marketing strategies and purchasing power of the combined Eldorado organization.
- *Property Enhancement Capital Expenditures* – Property enhancement initiatives and targeted investments that improve our guests’ experiences and elevate our properties’ overall competitiveness in their markets continued throughout 2018 and during the three and six months ended June 30, 2019.

As part of the continuing evolution of the Reno tri-properties, we built a new 21,000 square foot spa at Silver Legacy which opened in early October 2018. We have substantially renovated every room at Circus Reno and completed the first phase of room renovations at Silver Legacy and Eldorado. We will start the second phase of renovations of approximately 1,200 rooms at Silver Legacy and Eldorado in the third quarter of 2019. In Black Hawk we completed our renovation of all 402 hotel rooms and refresh of the casino floor in June 2019. In addition, our joint venture with Cordish continues to make progress on development plans of a new, mixed-use entertainment and hospitality destination anchored by our Isle Casino Racing Pompano Park. At Tropicana Atlantic City, we opened an expansive, new sportsbook in the fourth quarter of 2018.

- *Weather and Construction Disruption* – All of our segments, and to a greater extent, our Midwest regions, were negatively impacted by weather for the three and six months ended June 30, 2019 compared to the same prior year period. Additionally, our West segment was negatively impacted by disruption to our casino floor and hotel availability associated with our renovation project at our Black Hawk property throughout the six months ended June 30, 2019.

Results of Operations

The following table highlights the results of our operations (dollars in thousands):

	Three Months Ended June 30,			Six Months Ended June 30,		
	2019	2018	Change	2019	2018	Change
Net revenues	\$ 637,121	\$ 456,802	39.5 %	\$ 1,272,944	\$ 896,994	41.9 %
Operating income	102,550	77,414	32.5 %	226,154	131,608	71.8 %
Net income	18,936	36,796	(48.5) %	57,165	57,651	(0.8) %

Operating Results. Including incremental net revenues totaling \$250.5 million generated by Elgin and the Tropicana properties, net revenues rose 39.5% for the three months ended June 30, 2019 compared to the same prior year period. For the six months ended June 30, 2019 compared to the same prior year period, Elgin and Tropicana contributed incremental net revenues totaling \$494.8 million resulting in a 41.9% increase in net revenues for the six months ended June 30, 2019 compared to the same prior year period. Excluding the impact of our acquisitions and the divestitures of Presque Isle Downs and Nemaacolin, net revenues decreased 6.0% and 4.9%, respectively, for the three and six months ended June 30, 2019 compared to the same prior year period mainly due to the significant factors described above. These decreases were offset by the incremental revenues recognized from our new sports betting partnerships for the three and six months ended June 30, 2019 compared to the same prior year periods.

Operating income increased \$25.1 million and \$94.6 million, or 32.5% and 71.8%, for the three and six months ended June 30, 2019, respectively, compared to the same prior year periods mainly due to incremental operating income contributed by the acquired Elgin and Tropicana properties. Excluding the impact of our acquisitions and divestitures, operating income decreased 20.0% for the three months ended June 30, 2019 due to higher depreciation expense and transaction costs associated with the Tropicana and Caesars transactions. For the six months ended June 30, 2019, we recorded a \$22.1 million net gain on the sale of assets associated with the sales of Presque Isle Downs and Nemaacolin resulting in an increase in operating income of 15.3%.

Net income decreased \$17.9 million and \$0.5 million, respectively, for the three and six months ended June 30, 2019, compared to the same prior year periods principally due to the same factors impacting operating income. Additionally, higher interest expense for the three and six months ended June 30, 2019 compared to the same prior year periods resulting from increased debt associated with the Tropicana Acquisition and amortization of the direct financing obligation associated with the Master Lease also contributed to the declines.

Net Revenues and Operating Income (Loss)

The following tables highlight our net revenues and operating income (loss) by reportable segment (dollars in thousands):

	Net Revenues for the		Operating Income (Loss) for the	
	Three Months Ended June 30,		Three Months Ended June 30,	
	2019	2018	2019	2018
West	\$ 127,727	\$ 117,880	\$ 20,613	\$ 21,865
Midwest	97,239	100,607	29,012	27,411

Total Operating Expenses	<u>\$ 525,691</u>	<u>\$ 376,439</u>	<u>\$ 149,252</u>	<u>39.6 %</u>

Gaming Revenues and Pari-Mutuel Commissions. Elgin and Tropicana contributed \$169.9 million of incremental gaming revenues and pari-mutuel commissions for the three months ended June 30, 2019 compared to the same prior year period. This increase was partially offset by the decline in revenues associated with the divestitures of Presque Isle Downs and Nemaquin for the three months ended June 30, 2019 compared to the same prior year period, resulting in a 31.0% increase in gaming revenues and pari-mutuel commissions.

Excluding incremental Elgin and Tropicana gaming revenues and pari-mutuel commissions and the impact of the Presque Isle Downs and Nemaconlin divestitures, gaming revenues and pari-mutuel commissions decreased 6.5% for the three months ended June 30, 2019 compared to the same prior year period due to reductions in casino volume associated with changes in promotional activity. Additionally, a lower table games hold percentage in our East segment, construction disruption in our West segment and weather in our Midwest and South segments contributed to the declines in casino revenues for the current period. Furthermore, the absence of a major bowling tournament in the Reno market also affected the West region's visitation and casino volume.

Non-gaming Revenues. Elgin and Tropicana contributed \$80.6 million of incremental non-gaming revenues for the three months ended June 30, 2019, which was partially offset by declines in non-gaming revenues attributable to the Presque Isle Downs and Nemaconlin divestitures, resulting in an increase of 66.7% over the same prior year period.

Excluding incremental Elgin and Tropicana non-gaming revenues and the impact of the Presque Isle Downs and Nemaconlin divestitures, non-gaming revenues decreased 4.6% for the three months ended June 30, 2019 compared to the same prior year period. This decline was primarily driven by the West segment, resulting from changes in promotional activity and construction disruption that negatively impacted visitor traffic.

Gaming Expenses and Pari-Mutuel Commissions. Elgin and Tropicana contributed \$70.0 million of incremental gaming expenses and pari-mutuel commissions for the three months ended June 30, 2019, which was partially offset by the Presque Isle Downs and Nemaconlin divestitures, resulting in an increase of 19.6% in gaming expenses and pari-mutuel commissions over the same prior year period.

Excluding incremental Elgin and Tropicana gaming expenses and pari-mutuel commissions, and the impact of the Presque Isle Downs and Nemaconlin divestitures, gaming expenses and pari-mutuel commissions decreased 5.7% for the three months ended June 30, 2019 compared to the same prior year period. Gaming expenses declined in comparison to the same prior year period due to lower volume combined with savings initiatives targeted at reducing variable expenses.

Non-gaming Expenses. Elgin and Tropicana contributed \$39.6 million of incremental non-gaming expenses for the three months ended June 30, 2019, which was partially offset by the Presque Isle Downs and Nemaconlin divestitures, resulting in an increase of 42.8% over the same prior year period.

Excluding incremental Elgin and Tropicana non-gaming expenses, and the impact of the Presque Isle Downs and Nemaconlin divestitures, non-gaming expenses decreased 12.8% for the three months ended June 30, 2019 compared to the same prior year period. Decreased non-gaming expenses across all segments were associated with lower non-gaming revenues along with continued efforts to reduce variable expenses including labor and cost of sales.

Marketing and Promotions Expenses. Elgin and Tropicana contributed \$16.7 million of incremental marketing and promotions expense for the three months ended June 30, 2019, which was partially offset by the Presque Isle Downs and Nemaconlin divestitures, resulting in an increase of 46.9% over the same prior year period.

Excluding incremental Elgin and Tropicana marketing and promotions expenses, and the impact of the Presque Isle Downs and Nemaconlin divestitures, consolidated marketing and promotions expense decreased 24.6% for the three months ended June 30, 2019 compared to the same prior year period. This decline was primarily due to savings achieved via the termination of certain marketing contracts and continued company-wide changes in marketing and promotional activity.

General and Administrative Expenses. Elgin and Tropicana contributed \$52.6 million of general and administrative expense for the three months ended June 30, 2019, which was partially offset by the Presque Isle Downs and Nemaconlin dispositions, resulting in an increase of 59.2% over the same prior year period.

Excluding incremental Elgin and Tropicana general and administrative expenses, and the impact of the Presque Isle Downs and Nemaconlin divestitures, consolidated general and administrative expenses decreased 4.0% for the three months ended June 30, 2019 compared to the same prior year period mainly due to the centralization of certain services provided to our properties and realized savings achieved through consolidated purchasing programs.

Corporate Expenses. For the three months ended June 30, 2019 compared to the same prior year period, corporate expenses increased primarily due to payroll and other expenses associated with additional corporate costs, including stock compensation expense, driven by growth related to the Company's acquisitions. Additionally, an increase in severance expense also drove the increase in corporate expense for the current quarter.

Depreciation and Amortization Expense. Elgin and Tropicana contributed \$25.0 million of depreciation and amortization expense for the three months ended June 30, 2019 resulting in an increase of 77.2% over the same prior year period.

Excluding incremental Elgin and Tropicana depreciation and amortization expense, depreciation and amortization expense was relatively flat for the three months ended June 30, 2019 compared to the same prior year period.

Six Months Ended June 30, 2019 Compared to the Six Months Ended June 30, 2018

Net revenues and operating expenses were as follows (dollars in thousands):

	Six Months Ended June 30,		Variance	Percent Change
	2019	2018		
Revenues:				
Gaming and Pari-Mutuel Commissions:				
West	\$ 108,899	\$ 107,430	\$ 1,469	1.4 %

Gaming Revenues and Pari-Mutuel Commissions. Elgin and Tropicana contributed \$341.2 million of incremental gaming revenues and pari-mutuel commissions for the six months ended June 30, 2019 compared to the same prior year period. This increase was partially offset by the decline in revenues associated with the divestitures of Presque Isle Downs and Nemacolin for the six months ended June 30, 2019 compared to the same prior year period, resulting in a 34.0% increase in gaming revenues and pari-mutuel commissions.

Excluding incremental Elgin and Tropicana gaming revenues and pari-mutuel commissions and the impact of the Presque Isle Downs and Nemacolin divestitures, gaming revenues and pari-mutuel commissions decreased 5.4% for the six months ended June 30, 2019 compared to the same prior year period due to reductions in casino volume associated with changes in promotional activity. Additionally, construction disruption affected our West segment and weather negatively impacted our visitor volume across all segments contributing to the declines in casino revenues for the six months ended June 30, 2019 compared to the same prior year period.

Non-gaming Revenues. Elgin and Tropicana contributed \$153.6 million of incremental non-gaming revenues for the six months ended June 30, 2019, which was partially offset by declines in non-gaming revenues attributable to the Presque Isle Downs and Nemacolin divestitures, resulting in an increase of 68.5% over the same prior year period.

Excluding incremental Elgin and Tropicana non-gaming revenues and the impact of the Presque Isle Downs and Nemacolin divestitures, non-gaming revenues decreased 3.4% for the six months ended June 30, 2019 compared to the same prior year period. This decline was primarily driven by the West segment, resulting from changes in promotional activity, construction disruption and weather that negatively impacted visitor traffic.

Gaming Expenses and Pari-Mutuel Commissions. Elgin and Tropicana contributed \$139.5 million of incremental gaming expenses and pari-mutuel commissions for the six months ended June 30, 2019, which was partially offset by the Presque Isle Downs and Nemacolin divestitures, resulting in an increase of 21.8% in gaming expenses and pari-mutuel commissions over the same prior year period.

Excluding incremental Elgin and Tropicana gaming expenses and pari-mutuel commissions, and the impact of the Presque Isle Downs and Nemacolin divestitures, gaming expenses and pari-mutuel commissions decreased 5.5% for the six months ended June 30, 2019 compared to the same prior year period. Gaming expenses declined in comparison to the same prior year period due to lower volume combined with savings initiatives targeted at reducing variable expenses. Successful efforts to control costs and maximize departmental profit across all segments also drove the improved departmental profit margin for the six months ended June 30, 2019 compared to the same prior year period.

Non-gaming Expenses. Elgin and Tropicana contributed \$78.9 million of incremental non-gaming expenses for the six months ended June 30, 2019, which was partially offset by the Presque Isle Downs and Nemacolin divestitures, resulting in an increase of 45.0% over the same prior year period.

Excluding incremental Elgin and Tropicana non-gaming expenses, and the impact of the Presque Isle Downs and Nemacolin divestitures, non-gaming expenses decreased 11.7% for the six months ended June 30, 2019 compared to the same prior year period. Decreased non-gaming expenses across all segments were associated with lower non-gaming revenues along with continued efforts to reduce variable expenses including labor and cost of sales.

Marketing and Promotions Expenses. Elgin and Tropicana contributed \$33.7 million of incremental marketing and promotions expense for the six months ended June 30, 2019, which was partially offset by the Presque Isle Downs and Nemacolin divestitures, resulting in an increase of 49.3% over the same prior year period.

Excluding incremental Elgin and Tropicana marketing and promotions expenses, and the impact of the Presque Isle Downs and Nemacolin divestitures, consolidated marketing and promotions expense decreased 24.2% for the six months ended June 30, 2019 compared to the same prior year period. This decline was primarily due to savings achieved via the termination of certain marketing contracts and continued company-wide changes in marketing and promotional activity.

General and Administrative Expenses. Elgin and Tropicana contributed \$106.1 million of general and administrative expense for the six months ended June 30, 2019, which was partially offset by the Presque Isle Downs and Nemacolin divestitures, resulting in an increase of 60.4% over the same prior year period.

Excluding incremental Elgin and Tropicana general and administrative expenses, and the impact of the Presque Isle Downs and Nemaconlin divestitures, consolidated general and administrative expenses decreased 4.6% for the six months ended June 30, 2019 compared to the same prior year period mainly due to the centralization of certain services provided to our properties and realized savings achieved through consolidated purchasing programs.

Corporate Expenses. For the six months ended June 30, 2019 compared to the same prior year period, corporate expenses increased primarily due to payroll and other expenses associated with additional corporate costs, including stock compensation expense, driven by growth related to the Company's acquisitions. Additionally, an increase in severance expense also drove the increase in corporate expense for the current period.

Impairment Charges. We recorded an impairment charge for the six months ended June 30, 2019 totaling \$1.0 million related to our non-operating real property located in Pennsylvania. In conjunction with the classification of Vicksburg's operations as assets held for sale, we recorded an impairment charge totaling \$9.8 million for the six months ended June 30, 2018.

Depreciation and Amortization Expense. Elgin and Tropicana contributed \$49.4 million of depreciation and amortization expense for the six months ended June 30, 2019 resulting in an increase of 80.1% over the same prior year period.

Excluding incremental Elgin and Tropicana depreciation and amortization expense, depreciation and amortization expense increased 4.9% for the six months ended June 30, 2019 compared to the same prior year period mainly due to asset additions primarily at our three Reno properties.

Supplemental Unaudited Presentation of Consolidated Earnings before Interest, Taxes, Depreciation and Amortization ("EBITDA") and Adjusted EBITDA for the Three and Six Months Ended June 30, 2019 and 2018

Adjusted EBITDA (defined below), a non-GAAP financial measure, has been presented as a supplemental disclosure because it is a widely used measure of performance and basis for valuation of companies in our industry and we believe that this non-GAAP supplemental information will be helpful in understanding the Company's ongoing operating results. Management has historically used Adjusted EBITDA when evaluating operating performance because we believe that the inclusion or exclusion of certain recurring and non-recurring items is necessary to provide a full understanding of our core operating results and as a means to evaluate period-to-period results. Adjusted EBITDA represents operating income (loss) before depreciation and amortization, stock-based compensation, transaction expenses, severance expense, selling costs associated with the disposition of properties, preopening expenses, costs associated with resolving the historical Tropicana bankruptcy, impairment charges, equity in income (loss) of unconsolidated affiliates, (gain) loss on the sale or disposal of property and equipment, (gain) loss associated with the sales of Presque Isle Downs and Nemaconlin and other non-cash regulatory gaming assessments. Adjusted EBITDA also excludes the expense associated with our Master Lease with GLPI as the transaction was accounted for as a financing obligation. Adjusted EBITDA is not a measure of performance or liquidity calculated in accordance with accounting principles generally accepted in the United States ("US GAAP"), is unaudited and should not be considered an alternative to, or more meaningful than, net income (loss) as an indicator of our operating performance. Uses of cash flows that are not reflected in Adjusted EBITDA include capital expenditures, interest payments, income taxes, debt principal repayments, payments under our Master Lease and certain regulatory gaming assessments, which can be significant. As a result, Adjusted EBITDA should not be considered as a measure of our liquidity. Other companies that provide EBITDA information may calculate EBITDA differently than we do. The definition of Adjusted EBITDA may not be the same as the definitions used in any of our debt agreements.

The following table summarizes our Adjusted EBITDA for our operating segments for the three and six months ended June 30, 2019 and 2018, in addition to reconciling Adjusted EBITDA to operating income (loss) in accordance with US GAAP (unaudited, in thousands):

	Three Months Ended June 30, 2019					Adjusted EBITDA

(1) Figures are for Presque Isle Downs and Nemaocolin for the three and six months ended June 30, 2018.

- (2) Figures are for Elgin and Tropicana for the three and six months ended June 30, 2018. Such figures are based on the unaudited internal financial statements and have not been reviewed by the Company's auditors and do not conform to GAAP.
- (3) Total figures for three and six months ended June 30, 2018 include combined results of operations for Elgin, Tropicana and the Company and exclude results of operations for Presque Isle Downs and Nemaacolin. Such presentation does not conform with GAAP or the Securities and Exchange Commission rules for pro forma presentation; however, we believe that the additional financial information will be helpful to investors in comparing current results with results of prior periods. This non-GAAP data and should not be considered a substitute for data prepared in accordance with GAAP, but should be viewed in addition to the results of operations reported by the Company.
- (4) Figures are for Presque Isle Downs for the period beginning January 1, 2019 and ending January 11, 2019 and Nemaacolin for the period beginning January 1, 2019 and ending March 8, 2019.
- (5) Total figures for 2019 exclude results of operations for Presque Isle Downs and Nemaacolin.
- (6) Transaction expenses represent primarily costs related to the pending acquisition of Caesars and the acquisitions of Elgin and Tropicana for the three and six months ended June 30, 2019 and costs related to the acquisitions of Elgin, Tropicana and Isle for the three and six months ended June 30, 2018.
- (7) Other, for the three and six months ended June 30, 2019, is comprised of severance expense, (gain) loss on the sale or disposal of property and equipment, equity in income (loss) of unconsolidated affiliate, impairment charges, and the (gain) loss associated with the sales of Presque Isle Downs and Nemaacolin.
- (8) Other, for the three and six months ended June 30, 2018 is comprised of severance expense, (gain) loss on the sale or disposal of property and equipment, equity in income (loss) of an unconsolidated affiliate, an impairment charge at Vicksburg, selling costs associated with the divestitures of Presque Isle Downs, the terminated sale of Vicksburg and the purchase of Elgin.

Liquidity and Capital Resources

We are a holding company and our only significant assets are ownership interests in our subsidiaries. Our ability to fund our obligations depends on the cash flow of our subsidiaries and the ability of our subsidiaries to distribute or otherwise make funds available to us.

Our primary sources of liquidity and capital resources have been existing cash, cash flow from operations, borrowings under our revolving credit facility, proceeds from the issuance of debt securities and proceeds from our recent disposition of Presque Isle Downs. As of June 30, 2019, we had no outstanding balance and \$483.7 million of available borrowing capacity, after consideration of \$16.3 million in outstanding letters of credit, under our Revolving Credit Facility. We applied approximately \$150.0 million of proceeds from the sale of Presque Isle Downs to repay amounts outstanding under the Revolving Credit Facility. Pursuant to the terms of the indentures governing the Company's senior notes, the Company will be required to make an offer to purchase a portion of its outstanding senior notes with the excess proceeds from such sale unless it applies the net proceeds of such sale to either permanently repay outstanding indebtedness or make specified acquisitions or capital expenditures within 365 days of the sale of Presque Isle Downs.

Our cash requirements can fluctuate significantly depending on our decisions with respect to business acquisitions or divestitures and strategic capital investments to maintain the quality of our properties. We expect that our primary capital requirements going forward will relate to the operation and maintenance of our properties, taxes, servicing our outstanding indebtedness, rent payments under our Master Lease, continued costs associated with the Elgin and Tropicana acquisitions and funding the recently announced Caesars acquisition. During the remainder of 2019, we plan to spend approximately \$102.9 million on capital expenditures. Our capital requirements have increased significantly following the consummation of the acquisitions of Tropicana and Elgin, including as a result of the obligation to pay annual rent in an initial amount of approximately \$87.6 million under the Master Lease with respect to certain of the Tropicana properties and the required payments under the Lumière Note.

We funded the \$328.8 million of cash consideration for the Elgin Acquisition using cash from ongoing operations and borrowings under our revolving credit facility. We funded the \$246 million purchase of the real estate underlying Lumière with the proceeds of the Lumière Note. We funded the \$640 million consideration in the Tropicana Acquisition and the repayment of amounts outstanding under the Tropicana credit facility with our cash on hand and cash on hand at Tropicana, borrowings under our revolving credit facility and proceeds from our offering of \$600 million of 6.0% senior notes due 2026. In addition, our borrowing capacity on our revolving credit facility increased from \$300 million to \$500 million effective substantially concurrently with the consummation of the Tropicana Acquisition on October 1, 2018 and we extended the maturity of the revolving credit facility to October 1, 2023. We expect that cash generated from operations will be sufficient to fund our operations and capital requirements, and service our outstanding indebtedness for the next twelve months.

At June 30, 2019, we had consolidated cash and cash equivalents of \$183.1 million, excluding restricted cash. At June 30, 2018, we had consolidated cash and cash equivalents of \$202.0 million, excluding restricted cash. This decrease in cash was primarily due to cash flow generated from our operations and investing activities, offset by net payments under our Revolving Credit Facility.

Operating Cash Flow. For the six months ended June 30, 2019, cash flows provided by operating activities totaled \$127.9 million compared to \$148.5 million for the same prior year period. The decrease in operating cash was primarily due to cash tax payments related to the Tropicana transaction for the six months ended June 30, 2019 combined with changes in the balance sheet accounts in the normal course of business.

Investing Cash Flow and Capital Expenditures. Net cash flows provided by investing activities totaled \$75.5 million for the six months ended June 30, 2019 compared to \$69.3 million used for investing activities in the same prior year period. Net cash provided by investing activities for the six months ended June 30, 2019 was primarily due to \$176.7 million in net proceeds from the sales of Presque Isle Downs and Nemacolin. This increase was partially offset by cash used totaling \$97.1 million for capital expenditures for various property enhancement and maintenance projects along with equipment purchases. Net cash flows used in investing activities for the six months ended June 30, 2018 consisted primarily of \$55.2 million related to capital expenditures for various property enhancement and maintenance projects and equipment purchases.

Financing Cash Flow. Net cash used in financing activities for the six months ended June 30, 2019 totaled \$253.2 million compared to \$10.3 million for the same prior year period. The cash used in financing activities for the six months ended June 30, 2019 was principally due to net payments under the Revolving Credit Facility partially funded by the proceeds from the sales of Presque Isle Downs and Nemacolin. For the six months ended June 30, 2018, cash used in financing activities consisted primarily of \$9.7 million for payments of taxes related to net share settlements of equity awards.

Share Repurchase Program

On November 8, 2018, the Company issued a press release announcing that its Board of Directors has authorized a \$150 million common stock repurchase program (the “Share Repurchase Program”) pursuant to which the Company may, from time to time, repurchase shares of common stock on the open market (either with or without a 10b5-1 plan) or through privately negotiated transactions. The Share Repurchase Program has no time limit and may be suspended or discontinued at any time without notice. There is no minimum number of shares of common stock that the Company is required to repurchase under the Share Repurchase Program.

The Company acquired 223,823 shares of common stock at an aggregate value of \$9.1 million and an average of \$40.80 per share during the year ended December 31, 2018. No shares were repurchased during the six months ended June 30, 2019.

Debt Obligations and Master Lease

Term Loan and Revolving Credit Facility

The Company is party to a credit agreement with JPMorgan Chase Bank, N.A., as administrative agent, and the lenders party thereto dated as of April 17, 2017 (as amended, the “Credit Facility”), consisting of a \$1.45 billion term loan facility (the “Term Loan Facility” or “Term Loan”) and a \$500.0 million revolving credit facility (the “Revolving Credit Facility”). The Company’s obligations under the Revolving Credit Facility will mature on October 1, 2023. The Company’s obligations under the Term Loan Facility will mature on April 17, 2024. The Company was required to make quarterly principal payments of \$3.6 million on the Term Loan Facility on the last day of each fiscal quarter beginning on June 30, 2017 but satisfied this requirement as a result of the principal prepayment of \$444.5 million on September 13, 2017 in conjunction with the issuance of the additional 6% Senior Notes due 2025. In addition, the Company is required to make mandatory payments of amounts outstanding under the Credit Facility with the proceeds of certain casualty events, debt issuances, and asset sales and, depending on its consolidated total leverage ratio, the Company may be required to apply a portion of its excess cash flow to repay amounts outstanding under the Credit Facility.

As of June 30, 2019, the Company had \$956.8 million outstanding on the Term Loan and no outstanding balance under the Revolving Credit Facility. The Company had \$483.7 million of available borrowing capacity, after consideration of \$16.3 million in outstanding letters of credit under its Revolving Credit Facility as of June 30, 2019. The Company applied approximately \$150.0 million of proceeds from the sale of Presque Isle Downs to repay amounts outstanding under the Revolving Credit Facility. Pursuant to the terms of the indentures governing the Company's senior notes, the Company will be required to make an offer to purchase a portion of its outstanding senior notes with the excess proceeds from such sale unless it applies the net proceeds of such sale to either permanently repay outstanding indebtedness or make specified acquisitions or capital expenditures within 365 days of the sale of Presque Isle Downs.

The interest rate per annum applicable to loans under the Revolving Credit Facility are, at our option, either LIBOR plus a margin ranging from 1.75% to 2.50% or a base rate plus a margin from 0.75% to 1.50%, the margin is based on our total leverage ratio. The interest rate per annum applicable to the loans under the Term Loan Facility is, at our option, either LIBOR plus 2.25%, or a base rate plus 1.25%; provided, however, that in no event will LIBOR be less than zero or the base rate be less than 1.00%. Additionally, the Company pays a commitment fee on the unused portion of the Revolving Credit Facility of 0.50% per annum. At June 30, 2019, the weighted average interest rate on the Term Loan was 4.69%.

Senior Notes

6% Senior Notes due 2026

On September 20, 2018, Delta Merger Sub, Inc. ("Escrow Issuer"), a Delaware corporation and a wholly-owned subsidiary of the Company, issued \$600 million aggregate principal amount of 6.0% senior notes due 2026 (the "6% Senior Notes due 2026") pursuant to an indenture, dated as of September 20, 2018 (the "2026 Indenture"), between Escrow Issuer and U.S. Bank, National Association, as Trustee. Interest on the 6% Senior Notes due 2026 will be paid every semi-annually in arrears on March 15 and September 15.

The 6% Senior Notes due 2026 were general unsecured obligations of Escrow Issuer's upon issuance and, upon the assumption of such obligations by the Company and the subsidiary guarantors (the "Guarantors") upon consummation of the Tropicana Acquisition, became general unsecured obligations of the Company and the Guarantors, ranking senior in right of payment to all of the Company's existing and future debt that is expressly subordinated in right of payment to the 6% Senior Notes due 2026 and the guarantees, ranking equally in right of payment with all of the applicable obligor's existing and future senior liabilities, including the obligations under the Company's existing 7% Senior Notes due 2023 and 6% Senior Notes due 2025, and are effectively subordinated to all of the applicable obligor's existing and future secured debt, including indebtedness under the Company's Term Loan and Revolving Credit Facility and the Lumière Note (as defined in the 2026 Indenture), in each case, to the extent of the value of the collateral securing such debt. In addition, the 6% Senior Notes due 2026 and the related guarantees are structurally subordinated to all existing and future indebtedness and other liabilities of the Company's subsidiaries and other entities in which the Company has an equity interest that do not guarantee the 6% Senior Notes due 2026 (other than indebtedness and liabilities owed to the Company or the Guarantors).

6% Senior Notes due 2025

On March 29, 2017, Eagle II issued at par \$375.0 million aggregate principal amount of 6.0% senior notes due 2025 (the "6% Senior Notes due 2025") pursuant to an indenture, dated as of March 29, 2017 (the "2025 Indenture"), between Eagle II and U.S. Bank, National Association, as Trustee. The 6% Senior Notes due 2025 will mature on April 1, 2025, with interest payable semi-annually in arrears on April 1 and October 1. In connection with the consummation of the Isle Acquisition on May 1, 2017, the Company assumed Eagle II's obligations under the 6% Senior Notes due 2025 and the 2025 Indenture and certain of the Company's subsidiaries (including Isle and certain of its subsidiaries) executed guarantees of the Company's obligations under the 6% Senior Notes due 2025.

On September 13, 2017, the Company issued an additional \$500.0 million principal amount of its 6% Senior Notes due 2025 at an issue price equal to 105.5% of the principal amount of the 6% Senior Notes due 2025. The additional notes were issued pursuant to the 2025 Indenture that governs the 6% Senior Notes due 2025. The Company used the proceeds of the offering to repay \$78.0 million of outstanding borrowings under the previous revolving credit facility and used the remainder to repay \$444.5 million outstanding borrowings under the previous term loan facility and related accrued interest.

7% Senior Notes due 2023

On July 23, 2015, the Company issued at par \$375.0 million in aggregate principal amount of 7.0% senior notes due 2023 (“7% Senior Notes due 2023”) pursuant to an indenture, dated as of July 23, 2015 (the “2023 Indenture”), between the Company and U.S. Bank, National Association, as Trustee. The 7% Senior Notes due 2023 will mature on August 1, 2023, with interest payable semi-annually in arrears on February 1 and August 1 of each year.

Lumière Loan

We borrowed \$246 million from GLPI to fund the purchase price of the real estate underlying Lumière. The Lumière Loan bears interest at a rate equal to (i) 9.09% until October 1, 2019 and (ii) 9.27% until October 1, 2020, and matures on October 1, 2020. The Lumière Loan is secured by a first priority mortgage on the Lumière real property until October 1, 2019. In connection with the issuance of the Lumière Loan, we agreed to use our commercially reasonable efforts to transfer one or more of the Grand Victoria Casino, Isle Casino Bettendorf, Isle Casino Hotel Waterloo, Isle of Capri Lula, Lady Luck Casino Vicksburg and Mountaineer Casino, Racetrack and Resort or such other property or properties mutually acceptable to us and GLPI, provided that the aggregate value of such property, individually or collectively, is at least \$246 million (the “Replacement Property”), to GLPI with a simultaneous leaseback to us of such Replacement Property. In connection with such Replacement Property sale, (i) we and GLPI will enter into an amendment to the Master Lease to revise the economic terms to include the Replacement Property, (ii) GLPI, or one of its affiliates, will assume the Lumière Loan and Tropicana St. Louis RE’s obligations under the Lumière Loan in consideration of the acquisition of the Replacement Property and our obligations under the Lumière Loan will be deemed to have been satisfied, (iii) the Lumière Real Property will be released from the lien placed on it in connection with the Lumière Loan (if such lien has not yet been released in accordance with the terms of the Lumière Loan) and (iv) in the event the value of the Replacement Property is greater than the our outstanding obligations under the Lumière Loan, GLPI will pay us the difference between the value of the Replacement Property and the amount of outstanding obligations under the Lumière Loan. If such Replacement Property transaction is not consummated prior to the maturity date of the Lumière Loan, other than as a result of certain failures to perform by GLPI, then the amounts outstanding will be paid in full and the rent under the Master Lease will automatically increase, subject to certain escalations.

Debt Covenant Compliance

As of June 30, 2019, we were in compliance with all of the covenants under the 7% Senior Notes due 2023, 6% Senior Notes due 2025, 6% Senior Notes due 2026, the Credit Facility and the Lumière Loan.

Master Lease

Our Master Lease is accounted for as a financing obligation and totaled \$965.2 million as of June 30, 2019. The Master Lease contains certain covenants, including minimum capital improvement expenditures. As of June 30, 2019, we were in compliance with all of the covenants under the Master Lease. See Note 10 to our Consolidated Financial Statements for additional information about our Master Lease and related matters.

Contractual Obligations

There have been no material changes for the six months ended June 30, 2019 to our contractual obligations as disclosed in our Annual Report on Form 10-K for the year ended December 31, 2018.

Other Liquidity Matters

We are faced with certain contingencies involving litigation and environmental remediation and compliance. These commitments and contingencies are discussed in “Part II, Item 1. Legal Proceedings” and Note 11 to our unaudited consolidated financial statements, both of which are included elsewhere in this report. In addition, new competition may have a material adverse effect on our revenues, and could have a similar adverse effect on our liquidity. See “Part I, Item 1A. Risk Factors—Risks Related to Our Business” which is included in our Annual Report on Form 10-K for the year ended December 31, 2018 and “Part II, Item IA. Risk Factors” which is included in this Quarterly Report on Form 10-Q for the quarter ended June 30, 2019.

Critical Accounting Policies

Our critical accounting policies disclosures are included in our Annual Report on Form 10-K for the year ended December 31, 2018. Except as described in Note 2 to the accompanying condensed notes of these consolidated financial statements, we believe there have been no material changes since December 31, 2018. We have not substantively changed the application of our policies and there have been no material changes in assumptions or estimation techniques used as compared to prior periods.

Off-Balance Sheet Arrangements

We do not currently have any off-balance sheet arrangements.

Cautionary Statement Regarding Forward-Looking Information

This report includes “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements include statements regarding our strategies, objectives and plans for future development or acquisitions of properties or operations, as well as expectations, future operating results and other information that is not historical information. When used in this report, the terms or phrases such as “anticipates,” “believes,” “projects,” “plans,” “intends,” “expects,” “might,” “may,” “estimates,” “could,” “should,” “would,” “will likely continue,” and variations of such words or similar expressions are intended to identify forward-looking statements. Specifically, forward-looking statements may include, among others, statements concerning:

- projections of future results of operations or financial condition;
- our ability to consummate the acquisition of Caesars, the related real estate transactions with VICI and the disposition of Mountaineer and our properties located in Cape Girardeau, Caruthersville, Kansas City and Vicksburg;
- expectations regarding our business and results of operations of our existing casino properties and prospects for future development;
- expectations regarding trends that will affect our market and the gaming industry generally and the impact of those trends on our business and results of operations;
- our ability to comply with the covenants in the agreements governing our outstanding indebtedness;
- our ability to meet our projected debt service obligations, operating expenses, and maintenance capital expenditures;
- expectations regarding availability of capital resources;
- our intention to pursue development opportunities, including the development of a mixed-use entertainment and hospitality destination expected to be located on unused land adjacent to the Pompano casino and racetrack, and additional acquisitions and divestitures;
- our ability to obtain financing for, and realize the anticipated benefits, of the acquisition of Caesars and future development and acquisition opportunities; and
- the impact of regulation on our business and our ability to receive and maintain necessary approvals for our existing properties and future projects and operation of online sportsbook, poker and gaming

Any forward-looking statements are based upon a number of estimates and assumptions that, while considered reasonable by us, is inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control, and are subject to change. Actual results of operations may vary materially from any forward-looking statements made herein. Forward-looking statements speak only as of the date they are made, and we assume no duty to update forward-looking statements. Forward-looking statements should not be regarded as a representation by us or any other person that the forward-looking statements will be achieved. Undue reliance should not be placed on any forward-looking statements. Some of the contingencies and uncertainties to which any forward-looking statement contained herein is subject include, but are not limited to, the following:

- our substantial indebtedness and significant financial commitments, including our obligations under the Master Lease, could adversely affect our results of operations and our ability to service such obligations, react to changes in our markets and pursue development and acquisition opportunities;
- restrictions and limitations in agreements governing our debt could significantly affect our ability to operate our business and our liquidity;

- risks relating to payment of a significant portion of our cash flow as debt service and rent under the Master Lease;
- financial, operational, regulatory or other potential challenges that may arise as a result of leasing of a number of our properties from a single lessor;
- our facilities operate in very competitive environments and we face increasing competition including through legalization of online betting and gaming;
- uncertainty regarding legalization of betting and online gaming in the jurisdictions in which we operate and conditions applicable to obtaining the licenses required to enable our betting and online gaming partners to conduct betting and gaming activities;
- the ability to identify suitable acquisition opportunities and realize growth and cost synergies from any future acquisitions;
- future maintenance, development or expansion projects will be subject to significant development and construction risks;
- our operations are particularly sensitive to reductions in discretionary consumer spending and are affected by changes in general economic and market conditions;
- our gaming operations are highly regulated by governmental authorities and the cost of complying or the impact of failing to comply with such regulations;
- changes in gaming taxes and fees in jurisdictions in which we operate;
- risks relating to pending claims or future claims that may be brought against us;
- changes in interest rates and capital and credit markets;
- our ability to comply with certain covenants in our debt documents and the Master Lease;
- the effect of disruptions to our information technology and other systems and infrastructure;
- our ability to attract and retain customers;
- weather or road conditions limiting access to our properties;
- the effect of war, terrorist activity, acts of violence, natural disasters and other catastrophic events;
- the intense competition to attract and retain management and key employees in the gaming industry; and
- other factors described in Part II, Item 1A. “Risk Factors” contained herein and our reports on Form 10-K, Form 10-Q and Form 8-K filed with the Securities and Exchange Commission.

In addition, the acquisition of Caesars, the related real estate transactions with VICI and the disposition of Mountaineer and our properties located in Cape Girardeau, Caruthersville, Kansas City and Vicksburg and the provisions of the related acquisition agreements create additional risks, uncertainties and other important factors, including but not limited to:

- our ability to obtain required regulatory approvals (including, in the case of the divestitures, approval from gaming regulators and expiration of the waiting period under the HSR Act), shareholder approvals and to satisfy or waive other closing conditions to consummate such transactions on a timely basis or at all;
- the possibility that the one or more of such transactions do not close on the terms described herein or that we are required to modify aspects of one or more of such transactions to obtain, or otherwise take action to satisfy conditions imposed in connection with, required regulatory approvals;
- our ability to obtain financing to pay the merger consideration and refinance our outstanding debt on the terms expected, or at all, and the impact of uncertainty in the global economy and credit markets on such financing activities;
- risks associated with increased leverage and increased lease payments as a result of the proposed transactions;
- the possibility that the anticipated benefits of the proposed transactions, including cost savings and expected synergies, are not realized when expected, or at all, including as a result of our ability to promptly and effectively implement our operating strategies and integrate our business and Caesars’ business;

- the incurrence of significant transaction and merger-related costs and the possibility that the transactions may be more expensive to complete than expected, including as a result of unexpected factors or events;
- competitive responses to the proposed transactions;
- the possibility that our business or Caesars' business may suffer as a result of the announcement of the acquisition;
- the ability to retain our key employees and Caesars' key employees;
- the outcome of legal proceedings that may be instituted as a result of the proposed transactions;
- the impact of the proposed transactions, or the failure to consummate the proposed transactions, on our stock price;
- diversion of management's attention from our ongoing operations;
- the impact of provisions of the Merger Agreement limiting the operation of our business prior to the closing of the Merger;
- the impact of the announcement or consummation of the proposed transactions on the Company's relationships with third parties, which may make it more difficult to maintain business relationships; and
- other risks and uncertainties described in Part II, Item 1A. "Risk Factors" contained herein and our reports on Form 10-K, Form 10-Q and Form 8-K filed with the Securities and Exchange Commission.

In light of these and other risks, uncertainties and assumptions, the forward-looking events discussed in this report might not occur. These forward-looking statements speak only as of the date on which this statement is made, even if subsequently made available on our website or otherwise, and we do not intend to update publicly any forward-looking statement to reflect events or circumstances that occur after the date on which the statement is made, except as may be required by law.

You should also be aware that while we from time to time communicate with securities analysts, we do not disclose to them any material non-public information, internal forecasts or other confidential business information. Therefore, you should not assume that we agree with any statement or report issued by any analyst, irrespective of the content of the statement or report. To the extent that reports issued by securities analysts contain projections, forecasts or opinions, those reports are not our responsibility and are not endorsed by us.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. We are exposed to changes in interest rates primarily from variable rate long-term debt arrangements. At June 30, 2019, interest on borrowings under our Credit Facility was subject to fluctuation based on changes in short-term interest rates.

As of June 30, 2019, our long-term variable-rate borrowings totaled \$956.8 million under the Term Loan and nothing outstanding under the Revolving Credit Facility, representing approximately 31% of our long-term debt compared to 43% of our long-term debt as of June 30, 2018. During the six months ended June 30, 2019, the weighted average interest rates on our variable and fixed rate debt were 4.69% and 6.54%, respectively.

The Company evaluates its exposure to market risk by monitoring interest rates in the marketplace and has, on occasion, utilized derivative financial instruments to help manage this risk. The Company does not utilize derivative financial instruments for trading purposes. There were no material quantitative changes in our market risk exposure, or how such risks are managed, for the three months ended June 30, 2019.

ITEM 4. CONTROLS AND PROCEDURES.

(a) Evaluation of Disclosure Controls and Procedures

We have established and maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports that we file under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized, evaluated and reported within the time periods specified in the rules and forms of the SEC, and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

We carried out an evaluation, under the supervision and with the participation of our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer), of the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures as of the end of the period covered by this Quarterly Report on Form 10-Q are effective to ensure that the information required to be disclosed by us in the reports that we file under the Exchange Act is recorded, processed, summarized, evaluated and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

(b) Changes in Internal Controls

Except as noted below, there were no changes in our internal control over financial reporting during the three months ended June 30, 2019 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

On August 7, 2018 we completed the acquisition of Elgin and on October 1, 2018 we completed the acquisition of Tropicana. See Part I, Item 1, Condensed Notes to Unaudited Consolidated Financial Statements, Note 4: Purchase Price Accounting and Pro Forma Information, for a discussion of the acquisitions and related financial data. The Company is in the process of integrating Elgin and Tropicana into our internal controls over financial reporting. As a result of these integration activities, certain controls will be evaluated and may be changed.

**PART II
OTHER INFORMATION**

ITEM 1. LEGAL PROCEEDINGS

We are a party to various lawsuits, which have arisen in the normal course of our business. Estimated losses are accrued for these lawsuits and claims when the loss is probable and can be estimated. The current liability for the estimated losses associated with those lawsuits is not material to our consolidated financial condition and those estimated losses are not expected to have a material impact on our results of operations.

Legal matters are discussed in greater detail in “Part I, Item 3. Legal Proceedings” and Note 15 to our Consolidated Financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2018.

ITEM 1A. RISK FACTORS

The Merger Agreement subjects the Company to restrictions on its business activities during the pendency of the Merger.

The Merger Agreement subjects the Company to restrictions on its business activities and obligates the Company to generally operate its businesses in the ordinary course in all material respects during the pendency of the Merger absent Caesars’ prior written consent. These restrictions could prevent the Company from pursuing attractive business opportunities or responding effectively to competitive pressures and industry developments that arise prior to the consummation of the Merger or termination of the Merger Agreement and are outside the ordinary course of business. In particular, the Merger Agreement restricts the Company from making certain acquisitions and dispositions. If the Company is unable to take actions it believes are beneficial, such restrictions could have an adverse effect on the Company’s business, financial condition and results of operations.

Delay or failure to consummate the Merger would prevent the Company from realizing the anticipated benefits of the Merger and the Company would also remain liable for significant transaction costs.

Any delay in consummating the Merger may increase the cash portion of the Merger Consideration and adversely impact the Company’s ability to realize synergies and other benefits that are anticipated if the Merger is consummated within the expected timeframe. In particular, if applicable closing conditions set forth in the Merger Agreement are not satisfied by March 25, 2020, the amount of cash payable by the Company as consideration in the Merger per share of Caesars common stock will increase by \$0.003333 for each day (subject to certain exceptions described in the Merger Agreement) from March 25, 2020 until the closing date of the Merger. In addition, the market price of the Company’s common stock may reflect various market assumptions as to whether and when the Merger will be consummated. Consequently, the failure to consummate, or any delay in the consummation of, the Merger could result in significant changes in the market price of the Company’s common stock. In addition, the Company has incurred and will continue to incur significant costs relating to the Merger, such as debt commitment, legal, accounting, financial advisor and printing fees that may increase in the event that the consummation of the Merger is delayed and will be payable in the event that the Merger is not consummated. Moreover, if the Merger Agreement is terminated in certain circumstances, the Company will be obligated to pay a termination fee to Caesars of approximately \$154.9 million, or in certain other circumstances, approximately \$836.8 million. In addition, the Company will be obligated to reimburse Caesars’ expenses for an amount not to exceed \$50.0 million if the Merger Agreement is terminated because of the failure to obtain the required approval of the Company’s stockholders. In the event the MTA is terminated because the Merger Agreement is terminated, the Company is required to pay VICI a fee of \$75.0 million pursuant to the terms of the MTA.

Whether or not the Merger is consummated, the pendency of the Merger could cause disruptions in the Company’s business, which could have an adverse effect on its business, financial condition and results of operations.

The pendency of the Merger could cause disruptions in the business of the Company, including the following:

- current and prospective employees of the Company may experience uncertainty about their future roles with the combined company following the Merger or consider other employment alternatives, which could adversely affect the Company’s ability to retain or attract key managers and other employees, and current employees of the Company may lose productivity as a result of such uncertainty;
- current and prospective customers of the Company may anticipate changes in how they are served or the benefits offered by the Company’s loyalty reward program and may, as a result, choose to discontinue their patronage;

- current and prospective suppliers or other business relations of the Company may delay or defer certain business decisions or may seek to terminate, change or renegotiate their relationship with the Company, or not to establish a relationship with the Company, as a result of the Merger; and
- the attention of management and key employees of the Company may be diverted from the operation of the Company's business toward the consummation of the Merger.

Obtaining required approvals and satisfying closing conditions may delay or prevent consummation of the Merger.

Consummation of the Merger is subject to various closing conditions, including, among others, (i) the expiration or termination of any applicable waiting period under the HSR Act and receipt of required gaming approvals, (ii) the absence of any governmental order or law prohibiting the consummation of the Merger, (iii) adoption of the Merger Agreement by holders of a majority of the outstanding shares of Caesars' common stock, (iv) the approval by the Company's stockholders of the issuance of shares of Company's common stock in the Merger (the "Share Issuance"), (v) the effectiveness of the registration statement for the Company's common stock to be issued in the Merger and the authorization for listing of those shares on the Nasdaq Stock Market, (vi) absence of a material adverse effect on the other party, (vii) the accuracy of the other party's representations and warranties, subject to customary materiality standards, (viii) compliance of the other party with its respective covenants under the Merger Agreement in all material respects and (ix) conversion or certain amendments of, or another mutually agreed arrangement with respect to, Caesars' 5.00% convertible senior notes due 2024.

If such conditions are not satisfied, the Merger will not be consummated unless such conditions are validly waived. Such conditions may jeopardize or delay consummation of the Merger or may reduce the anticipated benefits of the Merger. Further, no assurance can be given that the required approvals will be obtained or that the conditions to closing will be satisfied. Even if all such approvals are obtained, no assurance can be given as to the terms, conditions and timing of such approvals or that they will satisfy the terms of the Merger Agreement. If the Merger is not consummated by June 24, 2020 (as may be extended to a date no later than December 24, 2020 upon satisfaction of certain conditions to extension set forth in the Merger Agreement), either the Company or Caesars may terminate the Merger Agreement.

The Merger is subject to the receipt of governmental approvals that may impose conditions that could have an adverse effect on the Company or, if not obtained, could prevent consummation of the Merger or, in some circumstances, require the Company to pay Caesars a termination fee of approximately \$836.8 million.

Consummation of the Merger is conditioned upon the receipt of certain governmental approvals, including, without limitation, antitrust and gaming regulatory approvals. Although each of the Company and Caesars has agreed to use its reasonable best efforts to obtain the requisite governmental approvals, there can be no assurance that these approvals will be obtained and that the other conditions to consummating the Merger will be satisfied. In addition, the governmental authorities from which the regulatory approvals are required may impose conditions on the consummation of the Merger or require changes to the terms of the Merger Agreement or other agreements to be entered into in connection with the Merger Agreement. Such conditions or changes and the process of obtaining regulatory approvals could have the effect of delaying or impeding consummation of the Merger or of imposing additional costs or limitations on the Company following consummation of the Merger, any of which might have an adverse effect on the Company's business, financial condition and results of operations. In addition, if the Merger Agreement is terminated (i) due to a law or order relating to gaming or antitrust laws that prohibits or permanently enjoins the consummation of the Merger, (ii) because the required regulatory approvals were not obtained prior to June 24, 2020 (as may be extended to a date no later than December 24, 2020 upon satisfaction of certain conditions to extension set forth in the Merger Agreement) or (iii) due to the Company willfully and materially breaching certain obligations with respect to the actions required to be taken by the Company to obtain required antitrust approvals, the Company will be required to pay Caesars a termination fee of approximately \$836.8 million.

Moreover, the special meetings at which Caesars stockholders will vote on a proposal to adopt the Merger Agreement and the Company's stockholders will vote on a proposal to approve the Share Issuance may take place before all governmental approvals have been obtained and, in cases where such approvals have not been obtained, before the terms of any conditions to obtain such approvals that may be imposed are known. As a result, if the requisite stockholder approvals are obtained at such meetings, the Company and Caesars may make decisions after the special meetings to waive a condition or approve certain actions required to obtain necessary approvals without seeking further stockholder approval. Such actions could have an adverse effect on the combined company's business, financial condition and results of operations following the Merger.

Antitrust approvals that are required to consummate the Merger may not be received, may take longer than expected or may impose conditions, including the requirement to divest assets, that could have an adverse effect on the combined company following the Merger.

Under the provisions of the HSR Act, the Merger may not be consummated until filings are made with the Antitrust Division of the DOJ and the FTC and the expiration of a 30-calendar day waiting period, or the early termination of that waiting period, following the parties' filings. ERI and Caesars filed their respective notification and report forms under the HSR Act on July 16, 2019. If the DOJ or the FTC issues a Request for Additional Information and Documentary Material (a "Second Request") prior to the expiration of the initial waiting period, the parties must observe a second 30-day waiting period, which would begin to run only after both parties have substantially complied with the Second Request, unless the DOJ or the FTC terminates the second waiting period earlier or the parties otherwise agree to extend the waiting period.

In addition, private parties who may be adversely affected by the Merger and individual states may bring legal actions under the antitrust laws in certain circumstances. Although the Company and Caesars believe the consummation of the Merger will not likely be prevented by antitrust laws, there can be no assurance that a challenge to the Merger on antitrust grounds will not be made or, if a challenge is made, what the result will be. Under the Merger Agreement, the Company and Caesars have agreed to use their reasonable best efforts to obtain all regulatory clearances necessary to consummate the Merger at the earliest practicable date.

In addition, in order to consummate the Merger, the Company and Caesars may be required to comply with conditions, terms, obligations or restrictions imposed by regulatory entities, including divestitures, and such conditions, terms, obligations or restrictions may have the effect of delaying consummation of the Merger, imposing additional material costs on or materially limiting the revenue of the Company after the consummation of the Merger, or otherwise reducing the anticipated benefits to the Company of the Merger. Such conditions, terms, obligations or restrictions may result in the delay or abandonment of the Merger.

Gaming regulatory approvals may not be received, may take longer than expected or may impose conditions that are not presently anticipated or cannot be met.

Consummation of the Merger is conditioned on the receipt of approvals from a number of gaming regulatory authorities, including, among others, the Ak Chin Community Tribal Gaming Commission, the Arizona Department of Gaming, the Cherokee Tribal Gaming Commission, the Colorado Division of Gaming, the Illinois Gaming Board, the Indiana Gaming Commission, the Indiana Horse Racing Commission, the Iowa Racing and Gaming Commission, the Kentucky Horse Racing Commission, the Louisiana Gaming Control Board, the Louisiana State Racing Commission, the Maryland Lottery and Gaming Control Agency, the Mississippi Gaming Commission, the Missouri Gaming Commission, the National Indian Gaming Commission, the Nevada Gaming Commission, the New Jersey Casino Control Commission, the New Jersey Division of Gaming Enforcement, the Pennsylvania Gaming Control Board, the Pennsylvania State Horse Racing Commission, the Ohio Lottery Commission, the Gauteng Gambling Board (South Africa), the Alcohol and Gaming Commission of Ontario, the Ministry of Culture, Sports and Tourism (Korea) and the Gambling Commission (United Kingdom). In some instances, these approvals include findings of suitability for the Company's officers and continuing members of the Company's Board of Directors. These approvals and findings may not be received at all, may not be received in a timely fashion and/or may contain conditions on the granting of such approvals and consummation of the Merger. Such conditions and the process of obtaining regulatory approvals could have the effect of delaying consummation of the Merger or of imposing additional costs or limitations on the combined company following the Merger. In addition, to the extent any officer of the Company is found unsuitable, the Company would need to find a replacement, which may take time and could adversely impact the Company's financial and operational performance, including the Company's ability to successfully consummate the Merger and integrate Caesars into the Company. Any such finding of unsuitability by regulatory authorities and resulting resignation or removal of an officer of the Company could also impact the governance structure of the combined company following the Merger.

There can be no assurance that the Company will be able to secure the required financing in connection with the Merger and the transactions contemplated by the Merger Agreement on acceptable terms, in a timely manner, or at all.

The Company intends to finance a portion of the cash required in connection with the Merger, including expenses in connection with the Merger, with the Debt Financing. The Commitment Letter provides for funding to (i) the Company of (a) a \$1,000.0 million senior secured revolving credit facility, (b) a \$3,000.0 million senior secured term loan B facility, (c) a \$3,600.0 million senior secured 364-day bridge facility and (d) a \$1,800.0 million senior unsecured bridge loan facility and (ii) a subsidiary of Caesars a \$2,400.0 million senior secured incremental term loan B facility. The senior secured 364-day bridge facility will only be funded in accordance with the Commitment Letter to the extent that the net cash proceeds of certain asset sales and certain transactions contemplated with VICI as described in the next succeeding paragraph are not

available on the closing date of the Merger to be applied to finance the Merger and expenses in connection therewith. In addition to the Debt Financing, the Company also recently entered into letter agreements with certain financial institutions which additional letter agreements provide (i) for commitments from such financial institutions to provide additional revolving credit facility commitments for the Company and (ii) the engagement of such financial institutions to act as arrangers for additional debt financing, in each case, in the event the Company elects to refinance the existing indebtedness of Caesars Resort Collection, LLC upon the consummation of the Merger. Additionally, the Company may continue to evaluate alternative financing structures and amounts based on its needs and capital markets conditions. The proceeds of the Debt Financing will be used (A) to pay all or a portion of the cash portion of the Merger Consideration, (B) to refinance all of the Company's existing syndicated bank credit facilities and outstanding senior notes, (C) to refinance certain of Caesars' and its subsidiaries' existing debt, (D) to pay transaction fees and expenses related to the foregoing and (E) for working capital and general corporate purposes. The availability of the borrowings under the Debt Financing is subject to the satisfaction of certain customary conditions, including the substantially concurrent closing of the Merger. In the event some or all of the financing contemplated by the Commitment Letter is not available, the Company is obligated to use its reasonable best efforts to obtain alternative financing from alternative institutions in an amount at least equal to the amount of such unavailable portion of the financing contemplated by the Commitment Letter and in an amount sufficient to enable the Company to consummate the Merger.

In connection with the execution of the Merger Agreement and the Commitment Letter, the Company entered into a MTA with VICI. The Company intends to finance a portion of the cash required in connection with the Merger with the proceeds of transactions that are subject to the MTA, including approximately \$1.8 billion of proceeds from the expected sale leaseback of certain properties expected to be acquired upon consummation of the Merger, including Harrah's New Orleans, Harrah's Laughlin and Harrah's Atlantic City (or, under certain circumstances, if necessary, certain replacement properties specified in the MTA), and approximately \$1.4 billion of proceeds expected to be received in consideration of the amendment of certain existing leases between subsidiaries of Caesars and VICI. The consummation of the transactions contemplated by the MTA is subject to satisfaction of certain conditions, including execution of agreements, receipt of required regulatory approvals, the accuracy of the representations and warranties, compliance with covenants, delivery of certain closing deliverables and the absence of any governmental order or action seeking to prohibit the consummation of the transactions contemplated by the MTA. The Company is currently negotiating the sale leaseback documents, lease amendments and other agreements contemplated by the MTA and cannot assure you as to the timing or outcome of those negotiations with VICI. Although the Company expects the transactions contemplated by the MTA to be consummated substantially concurrently with the Merger, there can be no assurance as to the timing of the closing of such transactions or that the closings will occur on the terms set forth in the MTA or at all. In the event that the closings of some or all of the transactions contemplated by the MTA are delayed or do not occur, the Company may be required to incur the 364-day secured bridge facility under the Debt Financing or other additional indebtedness to pay the cash portion of the Merger Consideration, repay the Company's and certain of Caesars' and its subsidiaries' outstanding debt and/or pay transaction fees and expenses related thereto, which could have an adverse impact on the business, financial condition and results of operations of the combined company following the Merger.

The consummation of the Merger is not conditioned on the Company's ability to obtain financing or the consummation of the transactions contemplated by the MTA. If the Company is unable to obtain funding contemplated by the Commitment Letter from its financing sources for the cash required in connection with the Merger, the Company may be compelled to specifically perform its obligations to consummate the Merger or could otherwise be subject to claims under the Merger Agreement, each of which could have a material adverse effect on the Company.

Litigation challenging the Merger could delay or prevent the consummation of the Merger.

One of the conditions to the Merger is that no law, statute, rule, regulation, ordinance, code, ruling, subpoena, order, writ, injunction, decree, judgment, ruling, determination, directive, award or settlement issued by a governmental entity (including any gaming authority) shall have been adopted, promulgated or issued that would prohibit, restrain, enjoin or render unlawful the consummation of the Merger or the Share Issuance. Although neither the Company nor Caesars has been notified of any litigation filed challenging the Merger, there can be no assurance that claims will not be filed by stockholders of the Company or Caesars seeking damages related to, or otherwise challenging, the Merger. If any such litigation is filed and the plaintiffs in any such action secure injunctive or other relief prohibiting, delaying or otherwise adversely affecting the Company's and Caesars' ability to consummate the Merger, then such injunctive or other relief may prevent the Merger from becoming effective within the expected time frame or at all. If consummation of the Merger is prevented or delayed, it could result in substantial costs to the Company. In addition, whether or not any plaintiff's claim is successful, the Company could incur significant costs in connection with any such litigation, including costs associated with the indemnification of the Company's and Caesars' directors and officers, and management's attention and resources could be diverted from the consummation of the Merger and ongoing business activities, which could have an adverse effect on the Company's business, financial condition and results of operations.

The Merger Agreement contains provisions that limit the Company's ability to pursue alternatives to the Merger, could discourage a potential competing acquiror of the Company from making a favorable alternative transaction proposal and, in specified circumstances, could require the Company to pay Caesars a termination fee.

The Merger Agreement contains certain provisions that restrict the Company's ability to solicit, initiate, knowingly facilitate or knowingly encourage any inquiries regarding, or the making of any proposal or offer that constitutes, or would reasonably be expected to lead to, a competing proposal, engage, continue or otherwise participate in any substantive discussions or negotiations regarding, or furnish any non-public information to any person in connection with or for the purpose of encouraging or facilitating, a competing proposal, subject to customary exceptions and limitations. In addition, Caesars generally has an opportunity to offer to modify the terms of the Merger Agreement in response to any third-party alternative transaction proposal before the Company's board of directors may change, qualify, withhold, withdraw or modify its recommendation that the Company's stockholders approve the Share Issuance. Upon termination of the Merger Agreement in certain circumstances relating to changes in the recommendation of the Company's board of directors in favor of the Share Issuance, entry by the Company into an alternative transaction or following the failure of the Company's stockholders to approve the Share Issuance, the Company will be required to pay a termination fee of approximately \$154.9 million to Caesars, as well as reimburse Caesars' expenses in an amount not to exceed \$50.0 million (creditable against any termination fee that may subsequently be paid by the Company). In such a scenario, the Company may also be required to pay VICI a fee of \$75.0 million pursuant to the terms of the MTA.

These provisions could discourage a potential third-party acquiror or merger partner that might have an interest in acquiring all or a significant portion of the Company or pursuing an alternative transaction with the Company from considering or proposing such a transaction or might result in a potential third-party acquiror or merger partner proposing to pay a lower price to the stockholders of the Company than it might otherwise have proposed to pay because of the added expense of the termination fee and expense reimbursement that may become payable in certain circumstances.

If the Merger is not consummated, the price of the Company's common stock and the Company's future businesses and operations could be harmed.

If the Merger is not consummated, the Company will not have realized any of the potential benefits of the Merger having been consummated and may be subject to material risks, including:

- failure to consummate the Merger may result in negative publicity and a negative impression of the Company in the investment community;
- the diversion of management attention from day-to-day business and the unavoidable disruption to its employees and relationships with customers, vendors, joint venture partners and other third parties as a result of efforts and uncertainties relating to the Merger may detract from the ability of the Company to grow revenue and minimize costs, which, in turn, may lead to a loss of market position that the Company could be unable to regain if the Merger does not occur; and
- under the Merger Agreement, the Company is subject to certain restrictions on the conduct of its business prior to consummating the Merger, which may affect the Company's ability to execute certain of its business strategies or respond effectively to competitive pressures and industry developments.

The integration of the Company and Caesars following the Merger may present significant challenges. We cannot be sure that we will be able to realize the anticipated benefits of the Merger in the anticipated time frame or at all.

The Company's ability to realize the anticipated benefits of the Merger will depend, to a large extent, on the Company's ability to integrate Caesars' businesses into the Company in the anticipated time frame or at all. The Company may face significant challenges in combining Caesars' operations into its operations in a timely and efficient manner. The combination of two independent businesses is a complex, costly and time-consuming process. As a result, the Company will be required to devote significant management attention and resources to integrating the business practices and operations of Caesars into those of the Company. The integration process may disrupt the businesses and, if implemented ineffectively or inefficiently, would preclude realization of the full benefits expected by the Company and Caesars. The failure to successfully integrate Caesars into the Company and to manage the challenges presented by the integration process successfully may result in an interruption of, or loss of momentum in, the business of the Company, which may have the effect of depressing the market price of the Company's common stock following the Merger.

The Company may be unable to realize anticipated cost synergies or may incur additional costs.

The Company expects to realize cost synergies from combining administrative and other overlapping functions of Caesars and the Company. However, the Company will be required to incur costs, including severance and related expenses, to realize the anticipated cost savings. While the Company's management believes the combined entity will benefit from cost synergies, the Company may be unable to realize all of these cost synergies within the time frame expected or at all. In addition, the Company may incur additional or unexpected costs in order to realize these cost synergies.

Unanticipated costs relating to the Merger could reduce the Company's future earnings per share.

We believe that we have reasonably estimated the likely incremental costs of the combined operations of the Company and Caesars following the Merger. However, it is possible that unexpected transaction costs such as taxes, fees or professional expenses or unexpected future operating expenses such as unanticipated costs to integrate the two businesses or increased personnel costs, as well as other types of unanticipated adverse developments, could have an adverse effect on the business, financial condition and results of operations of the combined company following the Merger. In addition, if actual costs are materially different than expected costs, the Merger could have a significant dilutive effect on the Company's earnings.

The Company will have a substantial amount of debt outstanding following the Merger and may incur additional indebtedness in the future, which could restrict the Company's ability to pay dividends and fund working capital and planned capital expenditures.

The Company expects to enter into the Debt Financing in order to consummate the Merger and refinance the Company's existing syndicated bank credit facilities and senior notes and that a portion of Caesars' outstanding indebtedness will remain outstanding following the consummation of the Merger. As a result, the Company will have a significant amount of additional indebtedness outstanding following the consummation of the Merger. In addition, the Company will have the ability to incur additional debt under its anticipated \$1.0 billion revolving credit facility and Caesars Resorts Collection, LLC's existing \$1.0 billion revolving credit facility. The Company also continually evaluates alternative financing structures and amounts based on its needs and capital markets conditions. The Company may be required to incur the 364-day secured bridge facility under the Debt Financing or other additional indebtedness to finance the Merger Consideration if the transactions contemplated by the MTA or the previously announced sales of certain of the Company's properties are not consummated prior to or in connection with the closing of the Merger. This amount of leverage could have important consequences, including:

- the Company may be required to use a substantial portion of its cash flow from operations to make interest and principal payments on the Company's debt, which will reduce funds available for operations, future business opportunities and dividends;
- the Company may have limited flexibility to react to changes in its business and its industry;
- it may be more difficult for the Company to satisfy its other obligations;
- the Company may have a limited ability to borrow additional funds or to sell assets to raise funds if needed for working capital, capital expenditures, acquisitions or other purposes;
- the Company may become more vulnerable to general adverse economic and industry conditions, including changes in interest rates; and
- the Company may be at a disadvantage compared to its competitors that have less debt.

Future interest expense will be significantly higher than historic interest expense as a result of higher levels of indebtedness incurred to consummate the Merger. The Company's ability to make payments on its debt and potential to pay dividends on its common stock, which the Company has not historically done, will depend on its ability to generate cash in the future, which will depend on many factors beyond its control. The Company cannot assure you that:

- its business will generate sufficient cash flow from operations to service and repay its debt, pay dividends on its common stock and fund working capital and planned capital expenditures;
- future borrowings will be available under its credit facilities or any future credit facilities in an amount sufficient to enable it to repay its debt, pay dividends on its common stock and fund working capital and planned capital expenditures; or
- it will be able to refinance any of its debt on commercially reasonable terms or at all.

If the Company cannot generate sufficient cash from its operations to meet its debt service obligations, it may need to reduce or delay capital expenditures, the development of its business generally and any acquisitions. If the Company becomes unable to meet its debt service and repayment obligations (or those of its subsidiaries following the Merger), it (or its applicable subsidiaries) would be in default under the terms of the applicable credit agreement or indenture, which would allow its lenders or noteholders to declare all outstanding indebtedness thereunder to be due and payable and terminate any commitments to lend thereunder. If the amounts outstanding under its (or its subsidiaries') credit facilities or indentures were to be accelerated, the Company cannot assure you that its (or its subsidiaries') assets would be sufficient to repay in full the money owed.

Following consummation of the Merger and the transactions contemplated by the MTA, the Company and its subsidiaries will be required to pay a significant portion of their cash flow from operations to third parties pursuant to leasing and related arrangements.

The Company and Caesars currently lease certain parcels of land on which several of their respective properties are located and, pursuant to the terms of MTA, are expected to enter into leases with VICI with respect to parcels of land on which Harrah's New Orleans, Harrah's Laughlin and Harrah's Atlantic City are located and will increase the lease rate on an existing lease agreement between a subsidiary of Caesars and VICI, which will require the Company's subsidiaries that are parties to such leases to apply a significant amount of their cash flow to required rental payments. These leases also are expected to require certain levels of capital expenditures to be made on the properties leased under these leases on an ongoing basis. As a result of the obligation to pay rent and make capital expenditures under the new and existing leases, the ability of the combined company to fund its operations or development projects, raise capital, make acquisitions and otherwise respond to competitive and economic changes may be adversely affected. For example, the obligations under these lease agreements may:

- make it more difficult for the combined company to satisfy its obligations with respect to its (or its subsidiaries') indebtedness and to obtain additional indebtedness;
- increase vulnerability to general or regional adverse economic and industry conditions or a downturn in the combined company's business;
- require the combined company to dedicate a substantial portion of its cash flow from operations to making lease payments, thereby reducing the availability of cash flow to fund working capital, capital expenditures and other general corporate purposes and acquisitions;
- limit flexibility in planning for, or reacting to, changes in the combined company's business and the industry in which it operates; and
- restrict the combined company's ability to raise capital, make acquisitions and divestitures and engage in other significant transactions.

In addition, the annual rent escalations under these lease agreements will continue to apply regardless of the amount of cash flows generated by the properties that are subject to these lease agreements. Accordingly, if the cash flows generated by such properties decrease, or do not increase at the same rate as the rent escalations, the rents payable under these lease agreements could comprise a higher percentage of the cash flows generated by the applicable entity, which could exacerbate, perhaps materially, the issues described above. Any of the above listed factors could have an adverse effect on the combined company's business, financial condition and results of operations.

Moreover, if the combined company were to default on any one or more of these lease agreements, the applicable lessors could terminate the affected leases and we could lose possession of the land leased under the affected leases and any improvements on that land, including the hotels and casinos. A termination of these lease agreements could result in a default under the Company's (or its subsidiaries') applicable credit agreements, which would allow its lenders to declare all outstanding borrowings to be due and payable and terminate any commitments thereunder, and could have a material adverse effect on the combined company's business, financial condition and results of operations.

The guaranties to be entered into by the Company in connection with the existing and new leases with VICI will include covenants that may restrict the ability of the Company to pay dividends, repurchase its shares and sell assets.

The Company will guaranty the obligations of its subsidiaries under the existing and new leases with VICI pursuant to which the Company's subsidiaries will lease certain parcels of land on which several of their respective properties are located. These guaranties will include covenants, which, among other things, may restrict the ability of the Company to pay dividends or repurchase its shares if its market capitalization is less than \$5.5 billion, and may restrict the ability of the Company to sell assets directly owned by it.

Delay or failure to consummate the sale of properties previously announced by the Company may require the Company to incur additional debt to pay the cash portion of the Merger Consideration or to repay outstanding indebtedness of the Company or otherwise adversely impact the business, financial condition and results of operations of the combined company following the Merger.

On June 17, 2019, the Company entered into an agreement to sell Lady Luck Caruthersville, Isle Casino Cape Girardeau and Mountaineer Casino, Racetrack & Resort for aggregate consideration of \$385.0 million, and on July 10, 2019, the Company entered into an agreement to sell Isle of Capri Casino Kansas City and Lady Luck Casino Vicksburg for aggregate consideration of \$230.0 million, in each case subject to certain adjustments. The consummation of each transaction is subject to satisfaction of customary conditions, including receipt of required regulatory approvals, the accuracy of the parties' representations and warranties, compliance with covenants, delivery of certain closing deliverables and the absence of any governmental order or action seeking to prohibit the consummation of the transaction. Although the Company expects such sale transactions to be consummated prior to consummation of the Merger, there can be no assurance as to the timing of the closing of such sales or that the closings will occur on the terms set forth in the purchase agreements relating to the sales, or at all. In the event that the closing of either sale is delayed or does not occur, the Company may be required to incur the 364-day secured bridge facility under the Debt Financing or other additional indebtedness to pay the cash portion of the Merger Consideration, to repay the Company's and certain of Caesars' and its subsidiaries outstanding debt and/or to pay transaction fees and expenses related thereto, which could adversely impact the business, financial condition and results of operations of the combined company following the Merger.

In connection with the Merger, the Company is expected to enter into purchase agreements to cause Caesars to sell Harrah's Resort Atlantic City, Harrah's Laughlin and Harrah's New Orleans (or, under certain circumstances, if necessary, certain replacement properties, specified in the MTA) to VICI for aggregate consideration of approximately \$1.8 billion, subject to satisfaction of customary conditions, including receipt of required regulatory approvals. In the event that the closing of any of the sales is delayed or does not occur within a certain timeframe, the Company may be required to incur the 364-day secured bridge facility under the Debt Financing or other additional indebtedness to pay the cash portion of the Merger Consideration, to repay the Company's and certain of Caesars' and its subsidiaries outstanding debt and/or to pay transaction fees and expenses related thereto, which could adversely impact the business, financial condition and results of operations of the combined company following the Merger.

**CERTIFICATION PURSUANT TO RULE 13a-14(a) AND 15d-14(a)
OF THE SECURITIES EXCHANGE ACT OF 1934**

I, Thomas R. Reeg, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Eldorado Resorts, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by this report based on such evaluation; and
 - (d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION
of
Bret Yunker
Chief Financial Officer

I, Bret Yunker, Chief Financial Officer of Eldorado Resorts, Inc. (the "Company"), do hereby certify in accordance with 18 U.S.C. 1350, as adopted pursuant to Section 906 of the SarbanesOxley Act of 2002, that, to my knowledge:

1. The Quarterly Report on Form 10Q of the Company for the period ended June 30, 2019 (the "Periodic Report") fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m or 78o(d)); and
2. The information contained in the Periodic Report fairly represents, in all material respects, the financial condition and results of operations of the Company.

Date: August 9, 2019

/s/ BRET YUNKER
